INDEPENDENT AUDITORS' REPORT

Honorable Members of the
Board of County Commissioners
Franklin County, Florida

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and aggregate remaining fund information of the Franklin County, Florida, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise Franklin County, Florida's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and aggregate remaining fund information of Franklin County, Florida, as of September 30, 2022, and the respective changes in financial position, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Franklin County, Florida and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Franklin County, Florida's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Franklin County, Florida's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Franklin County, Florida's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedules of funding progress and employees contributions for retiree health insurance, schedule of proportionment share of net pension liability, and schedule of pension plan contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statement, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

The accompanying schedule of expenditures of federal awards, and state financial assistance as required by 2 *CFR Part 200, Uniform Administrative Requirement, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*, as presented for purposes of additional analysis and is also not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2023, on our consideration of Franklin County, Florida's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Franklin County, Florida's internal control over financial reporting and compliance.

FRANKLIN COUNTY MANAGEMENT'S DISCUSSION AND ANALYSIS

Management of the Board of County Commissioners of Franklin County (County) has prepared the following discussion and analysis to (a) assist the reader in focusing on significant financial issues, (b) provide an overview and analysis of the County's financial activities, (c) identify changes in the County's financial position, (d) identify material deviations from the financial plan (approved budget), and (e) highlight significant issues in individual funds.

Because the information contained in Management's Discussion and Analysis is intended to highlight significant transactions, events and conditions, it should be considered in conjunction with the County's financial statements.

Financial Highlights

- The County's total net position increased \$6,217,660 or 6.01% from September 30, 2021, to September 30, 2022.
- During the year ended September 30, 2022, the financial statements show that the County's general fund revenues exceeded expenditures by \$35,725. Total expenditures in the general fund were less than budgeted amount.
- The County's capital assets, net of accumulated depreciation, increased \$5,300,746 which represents an increase of 5.3% for the year.

Nonfinancial Events

- In 2021, Franklin County received the first allocation of the American Rescue Plan. The second installment was received in October of 2022 which brings the total allocation to \$2,355,139. The county has drafted a spending plan which will address unfunded infrastructure needs such as a new roof and exterior joint sealant of the County Courthouse, acquisition of office space for the Supervisor of Elections, beach parking improvements and imaging of public records.
- On October 10, 2018, Hurricane Michael made landfall as a category 5 hurricane just 30 miles from the Franklin County line on the west side of Mexico Beach and east end of Tyndall Air Force Base. Hurricane Michael was the strongest storm to strike the mainland of the United States since Hurricane Andrew in 1992. Franklin County was fortunate the storm was not a direct hit but still sustained major damage. Franklin County had six large FEMA recovery projects (projects whereas restoration/repair would cost more than \$139,800). Three of the large recovery projects were completed in early 2022 and three more are nearing completion. The largest project is the reconstruction of Alligator Drive in Alligator Point which had an obligated project cost of \$5,583,530.
- There are several large ongoing improvement projects at the County Airport in Apalachicola. These projects are 100% funded by state and federal grants. The ongoing projects include the rehabilitation of the runway lighting on Runway 6-24, the Triumph RESTORE program funded replacement of the airport's fuel farm, airport obstruction removal and the rehabilitation of the airfield pavement aprons.
- The Florida Department of Transportation's Small County Outreach Grant Program (SCOP) provided \$894,596 for the surveying, design, permitting, and roadway resurfacing with a 2' expansion of the width of the travel lanes from the intersection of Timber Island Road and Highway 98 to the end at the Timber Island Boat Ramp. The Florida Department of Transportation's Small County Road Assistance Program (SCRAP) provided \$3,671,550 for the widening and resurfacing of 3.466 miles of CR30A from 13 Mile Road East towards Highway 98. Both projects were completed in 2022.
- Franklin County is to receive 12 million dollars over 15 years as part of pot three (Gulf Consortium) of the RESTORE settlement from the Deepwater Horizon oil spill. "Florida's 23 Gulf Coast Counties formed the Consortium to meet requirements of the RESTORE Act to develop a State Expenditure Plan for

economic and environmental recovery of the Gulf coast in Florida following the Deepwater Horizon oil spill. The RESTORE Act was passed by the Congress on June 29, 2012, and signed into law on July 6, 2012 by the President.” There are three proposed projects included in the State Expenditure Plan for the county’s Consortium Funds – Dredging of the Eastpoint and 2 Mile Channels, Construction of a new EOC, and Bay Restoration. In 2022, Franklin County contracted with the Army Corp of Engineers for \$6,000,000 in Consortium funds to dredge the Eastpoint Channel (which had not been dredged since the 1980’s) and the 2 Mile Channel in Apalachicola. The dredge work should be completed sometime in 2023.

- In January of 2008, Franklin County began levying the 1% Discretionary Sales Surtax for health care on all taxable purchases. The proceeds of the 1% Discretionary Sales Surtax is split between capital outlay and operating expenses for the local Weems Memorial Hospital. At September 30, 2022, the balance available in the Health Care Trust Fund for capital improvements is \$7,983,862.43.
- The 2021 gross taxable value of property in Franklin County saw a steady increase of 9.03% over the prior year. This was the eighth year of increasing taxable value since 2006. The County’s 2021 gross taxable value as certified by the Franklin County Property Appraiser increased by approximately 193 million dollars from the 2020 certified value. The millage rate decreased slightly to 5.4707 mills in fiscal year 2021/2022 with budgeted property tax proceeds of \$12,769,264. The budgeted proceeds were \$403,309 more than the budgeted proceeds in fiscal year 2020/2021. The total budgeted positions in the 2021/2022 fiscal year were 181, down from a high in 2006/2007 of 191 budgeted positions. The county implemented year one of a five year pay and classification plan to address concerns with wage compression and to slowly increase wages to meet the \$15 per hour minimum which goes into effect in 2026.

Overview of the Financial Statements

The basic financial statements consist of three components:

1. Government-wide financial statements
2. Fund financial statements
3. Notes to the financial statement

In addition, this report presents certain required supplementary information.

Government-wide Financial Statements

The government-wide financial statements provide both short-term and long-term information about the County’s overall financial condition in a manner similar to those of a private-sector business. This statement combines and consolidates governmental fund’s current financial resources (short-term expendable resources) with capital assets and long-term obligations. The statements include a *statement of net assets* and a *statement of activities* that are designed to provide consolidated financial information about the governmental activities of the County presented on the accrual basis of accounting.

- The *statement of net assets* provides information about the government’s financial position, its assets and liabilities, using an economic resources measurement focus. The difference between the assets and liabilities, the net assets, is a measure of the financial health of the County.
- The *statement of activities* presents information showing how the County’s net assets changed during the 2022 fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes earned, and earned but unused vacation leave). This statement is intended to summarize and simplify the user’s analysis of cost of various governmental services. An increase or decrease in net assets is an indication of whether the County’s financial health is improving or deteriorating.

Both of these financial statements present the functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the County include general government, public safety, physical environment, transportation, economic environment, human services, culture and recreation, and court related activities.

Over a period of time, changes in the County's net assets are an indication of improving or deteriorating financial condition. This information should be evaluated in conjunction with other nonfinancial factors, such as changes in the County's property tax base and the condition of the County's capital assets including infrastructure assets.

Fund Financial Statements.

Fund financial statements are one of the components of the basic financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. Certain funds are established by law while others are created by legal agreements, such as bond covenants. Fund financial statements provide more detailed information about the County's financial activities, focusing on its most significant or "major" funds rather than fund types. This is in contrast to the entity-wide perspective contained in the government-wide statements.

All of the County's funds may be classified in the broad category of *Governmental Funds*, *Proprietary Funds* or *Fiduciary (Agency) Funds*.

- **Governmental Funds** - These funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, the governmental funds utilize a spendable financial resources measurement focus rather than the economic resources measurement focus found in the government-wide financial statements. This financial resources measurement focus allows the governmental fund statements to provide information on near-term inflows and outflows of spendable resources as well as balances of spendable resources available at the end of the fiscal year. Consequently, the governmental fund statements provide a detailed short-term view that may be used to evaluate the County's near-term financing requirements. This short-term view is useful when compared to the long-term financing requirements. This short-term view is useful when compared to the long-term view presented as governmental activities in the government-wide financial statements. To facilitate this comparison, both the governmental balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation of governmental funds to governmental activities.
- **Proprietary Funds** - The County maintains one type of proprietary fund which is the hospital fund. This fund is used to report business-type activities in the government-wide financial statements. The County uses the hospital fund to account for the fiscal activities relating to the hospital and emergency medical services provided in Franklin County. Proprietary funds provide the same type of information found in the government-wide financial statements, but in greater detail.
- **Fiduciary (Agency) Funds** - Fiduciary funds are used to report assets held in a trustee or fiduciary capacity for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide statements because the resources are not available to support the County's own programs. In its fiduciary capacity, the County is responsible for ensuring that the assets reported in these funds are used only for their intended purposes.

Infrastructure Assets

Generally, a government's largest group of assets (infrastructure – roads, bridges, traffic signals, underground pipes) are not reported nor depreciated in governmental fund financial statements. This statement requires that these assets be valued and reported within the Governmental column of the Government-wide statements. Additionally, the government must elect to either (a) depreciate these assets over their estimated useful life or (b) develop a system of asset management designed to

maintain the service delivery potential to near perpetuity. If the government develops the asset management system (the modified approach) which periodically (at least every third year), by category measures and demonstrates its maintenance of locally established levels of service standards, the government may record its cost of maintenance in lieu of depreciation. The County elected to depreciate its infrastructure assets.

Government-wide Financial Analysis

Statement of Net Assets

Net assets may serve over time as a useful indicator of a government's financial position. In the case of the County, assets exceeded liabilities by \$108,863,469 million at September 30, 2022, and \$103 million at September 30, 2021.

Financial Analysis of Individual Funds

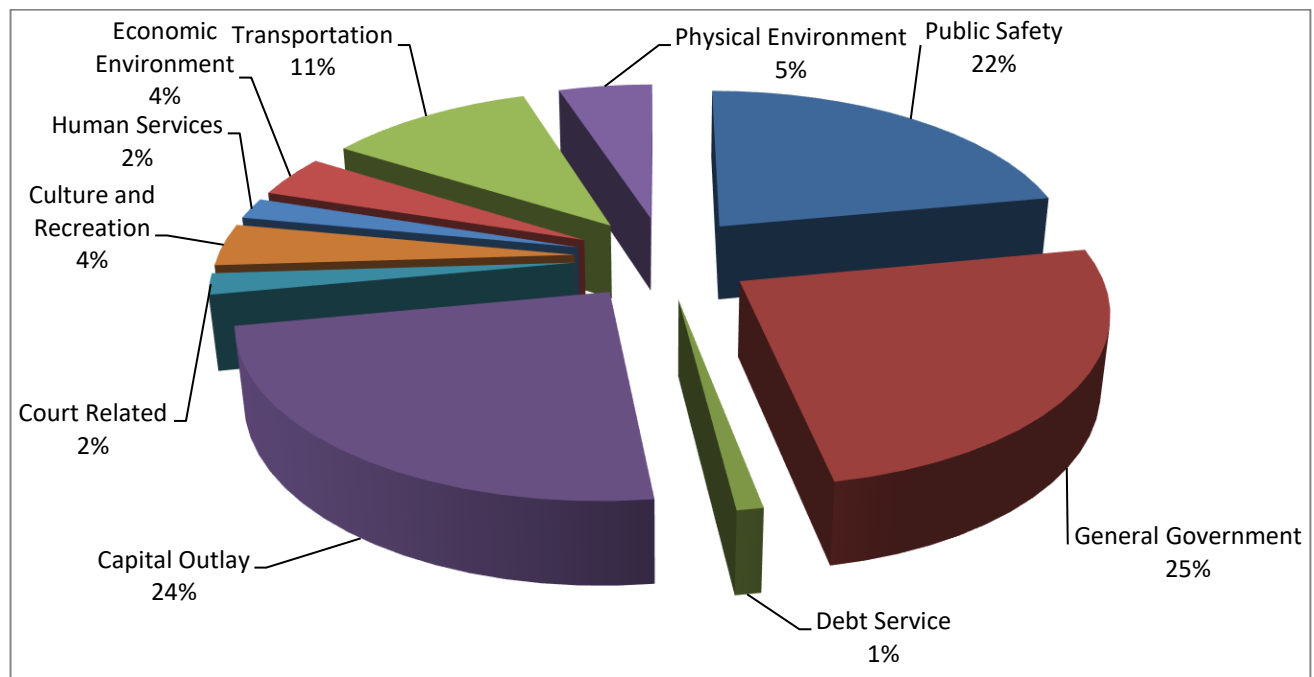

This section provides an analysis of the balances and transactions of individual funds. The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The primary purpose of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of *spendable resources*. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources, available for spending, at the end of the fiscal year. See note 10 for further details.

As of the end of fiscal year 2022, the county's governmental funds reported combined ending fund balances of \$33,791,184. Of this amount, *unassigned fund balance* is \$13,802,145.

Total Governmental Funds Expenditures by Functions

Major Funds

The general fund, hospital trust, and the landfill funds are reported as major funds.

- The general fund is the general operating fund of the County. All general tax revenues and other receipts that are not required either legally or by generally accepted accounting principles to be accounted for in other funds are accounted for in the general fund.
- General operating funds of the clerk of the Circuit Court, Property Appraiser, Sheriff, Tax Collector, and Supervisor of Elections represent sub funds of the County's general fund that are held and accounted for individually, but presented with the balance of the Board of County Commissioners' operating funds.
- The Hospital Trust accounts for the sales tax proceeds restricted for use at the County hospital.
- The Landfill Fund accounts for the landfill operations.

Budget Variances in the Major Funds

- Tax revenue of the general fund shows a negative budget variance of \$122,734. The County budget shows 100% of anticipated revenues with “less 5% of estimated revenues” being shown separately as a deduction. Additionally, taxpayers can take advantage of as much as 4% reduction in taxes by paying in the month of November.

Capital Assets and Long-Term Debt

Below is a summary of the large projects that are still in progress at the end of the current fiscal year (many of these projects will take longer than one fiscal year to complete), large capital asset purchases during the year, and long-term debt status update.

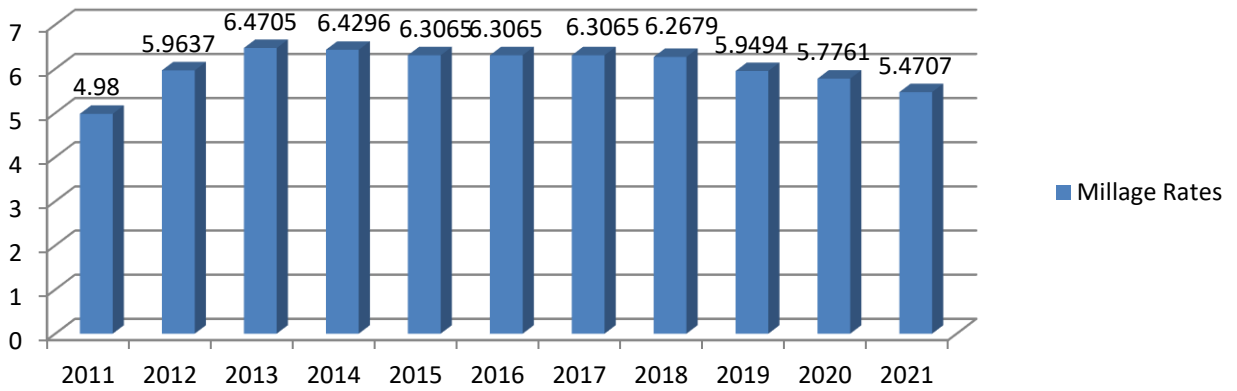

- In May of 2021, the County entered into the fourth rolling lease/purchase agreement for (2) 2021 Mack GR64F Dump Trucks at \$319,243 each. The county owns the trucks for 24 months total for an annual lease payment of \$15,000 each the first year and \$17,500 for the second year. Before the third year’s payment, the county anticipates trading the trucks with vendor Nextran of Tallahassee for a new lease with the next year’s model trucks.
- In 2019, the county financed a new Caterpillar Compactor and a Morbark Tub Grinder for the Solid Waste Department. Tipping Fee revenues fund the debt-service payments on this equipment and there was a balance of \$51,322 for the Compactor and \$523,550 for the Tub Grinder on September 30th.
- In October of 2018, Franklin County purchased eleven 30-foot lots in the commercial district of St. George Island. This property is located at 223 Franklin Boulevard. This purchase was part of a mediated settlement agreement whereas Franklin County paid \$600,000 for the parcel. The capital outlay fund paid \$100,000 down and the balance was financed by the owner at 4.5% fixed for a period of five years. The balance on September 30th was \$185,334.
- In 2020/2021, Franklin County financed the construction of the new restrooms at the county beach park on St. George Island. The total amount financed for up to (5) years was \$337,595 or \$72,781 per year. The annual debt service payments for the beach park facilities are funded by the Tourist Development sales tax proceeds.

Significant Economic Factors

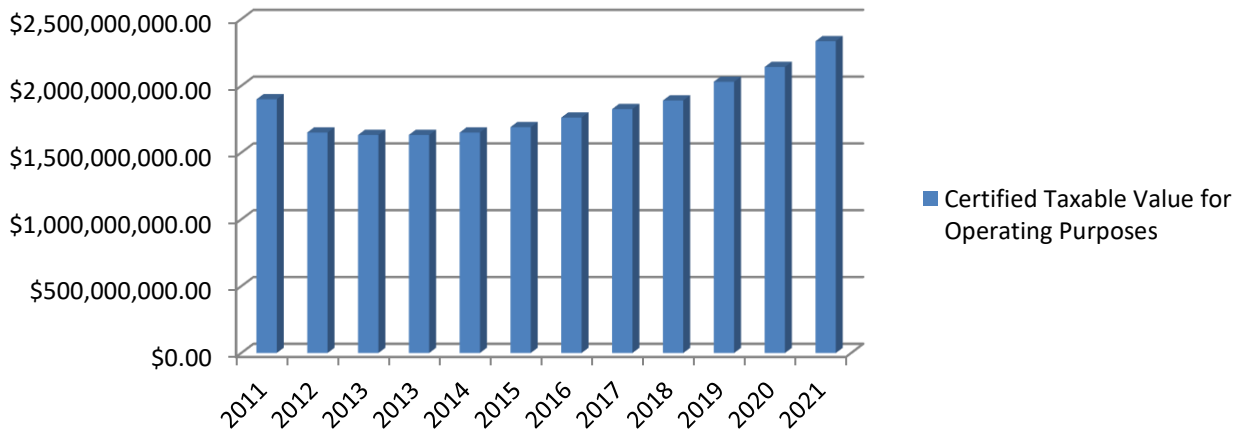

Taxable Value of Property and Millage Rates

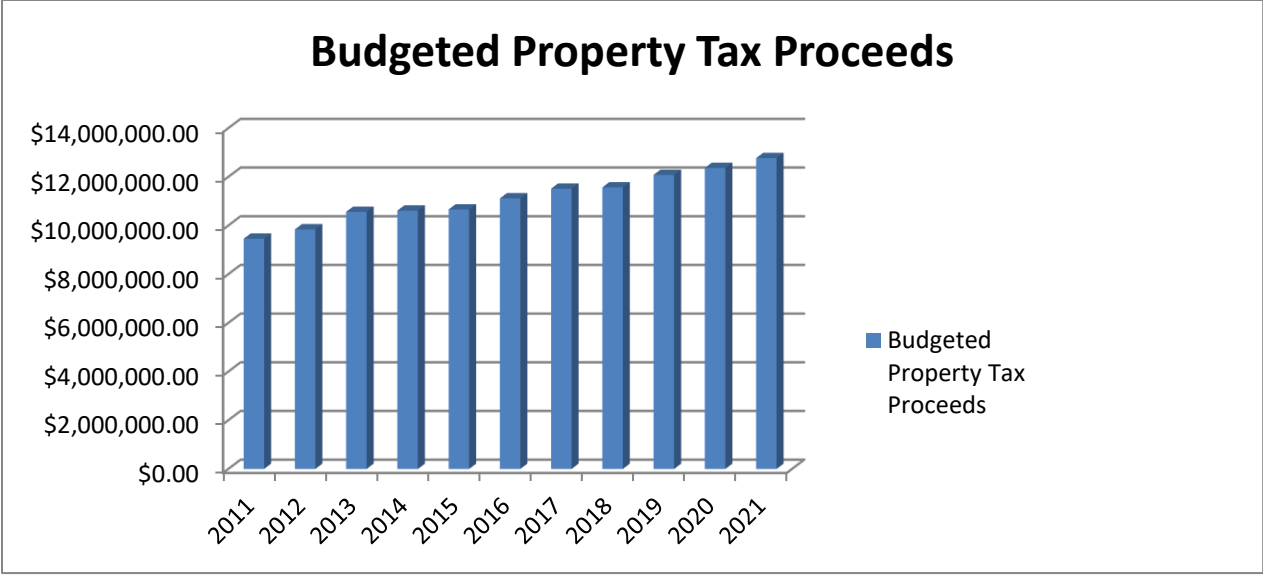

The County received approximately \$12.647 million in property taxes based on the certified taxable value of property in Franklin County. This represents an increase from the prior year of \$651,613 and is a result of an increase property values and an increase in the taxable value of new construction in the County.

Millage Rates

Certified Taxable Value for Operating Purposes

Requests for Information

This report is designed to provide citizens and taxpayers with a general overview of the County’s finances and to demonstrate compliance and accountability for its resources. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Franklin County, Florida (County) have been prepared in accordance with U.S. generally accepted accounting principle (U.S. GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes U.S. GAAP for governmental units.

Reporting Entity

The County, located in Northwest Florida, is a political subdivision of the State of Florida and provides services to approximately 11,000 residents in many areas including general government, public safety, physical environment, transportation, economic environment, human services, and culture and recreation. It is governed by a five-member elected Board of County Commissioners (Board), which derives its authority from Florida Statutes and regulations. In addition to the members of the Board, there are five elected constitutional officers: Clerk of the circuit Court, Sheriff, Tax Collector, Property Appraiser and Supervisor of Elections.

The elected offices of the Clerk of the circuit Court, Sheriff, Tax Collector, property Appraiser, and Supervisor of Elections are operated as separate County agencies in accordance with applicable provisions of Florida Statutes. The offices of the Sheriff, Tax Collector, Property Appraiser and Supervisor of Elections operate on a budget system whereby County appropriated funds are received from the Board with unexpended funds returned to the Board. The Clerk of the Circuit Court operates as a fee officer by retaining various fees collected by this office and billing the Board for certain services provided. Separate accounting records and budgets are maintained by each individual office.

Component Units

As required by the Governmental Accounting Standards Board, the financial reporting entity consists of the primary government, and its component units for which the primary government is considered to be financially accountable. Also included are other entities whose exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Each potential component unit is individually evaluated using specific criteria outline in GASB Standards to determine whether the entity is: a) part of the primary government; b) a component unit which should be included in the reporting entity (blended or discretely presented); or c) an organization which should be excluded from the reporting entity entirely. The principal criteria for classifying a potential component unit include the legal separateness of the organization, the financial accountability of the primary government for the potential component unit resulting from either the primary government's ability to impose its will on the potential component unit, or the potential component unit's fiscal dependency on the primary government. Based upon the application of these criteria, there were no entities that required inclusion as a component unit within the County's financial statements. There were no entities for which there were positive responses to specific criteria used for establishing oversight responsibility that were excluded from the County's financial statements.

The County was established by the Constitution of the State of Florida, Article VIII, and Section 16

The basic financial statements of the County are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Government-wide Financial Statements

Government-wide financial statements display information about the reporting government as a whole, except for its fiduciary activities. These statements include separate columns for the governmental and business-type activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent, on fees and charges for support. Likewise, the primary government is reported separately from the legally separate component units and fiduciary funds for which the primary government is financially accountable.

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement 33 – Accounting and Financial Reporting for nonexchange Transactions.

Program revenues include charges for services, special assessments, and payments made by parties outside of the reporting government's citizenry, if that money is restricted to a particular program. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as expenditures. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as other financing sources. Amounts paid to reduce long-term indebtedness of the reporting government are reported as reductions of the related liabilities, rather than as expenditures.

As a general rule, the effects of interfund activity have been eliminated from the government-wide financial statements. The County eliminates indirect expenses between governmental activities to avoid duplicating revenues and expenditures. Direct expenses are not eliminated from the various functional categories.

Fund Financial Statements

The underlying accounting system of the County is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to, and accounted for, in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental, proprietary, and fiduciary funds are presented after the government-wide financial statements. These statements display information about major funds individually and Nonmajor funds in the aggregate for governmental and enterprise funds. The fiduciary statement includes financial information of the agency fund. The agency funds of the county represent assets held by the County in a custodial capacity for other individuals or governments.

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Governmental Funds

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the fiscal period. Expenditures generally are recorded when a liability is incurred, as with accrual accounting. Franchise fees, licenses, sales taxes, gas taxes, operating and capital grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable only when cash is received by the County.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of “available spendable resources.” Governmental funds operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The proceeds of long-term debt are recorded as other financing sources rather than as a fund liability. However, debt service expenditures, as well as expenditures related to compensated absences and the claims and judgments, are recorded only when payment is due.

Proprietary Funds

The County’s enterprise funds are proprietary funds. In the fund financial statements, proprietary funds are presented using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recognized when the related goods or services are delivered. In the fund financial statements, proprietary funds are presented using the economic resources measurement focus. This means that all assets and all liabilities (whether current or noncurrent) associated with their activity are included on their balance sheets. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in total net position.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies, taxes, and investment earnings, result from nonexchange transactions or ancillary activities. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. Expenses not meeting this definition are reported as nonoperating expenses.

Amounts paid to acquire capital assets are capitalized as assets in the fund financial statements, rather than reported as expenditures. Proceeds of long-term debt are recorded as a liability in the fund financial statements, rather than as other financing sources. Amounts paid to reduce long-term indebtedness are reported as a reduction of the related liabilities, rather than as expenses.

**FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Presentation

GASB Statement Number 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of any fund category and the governmental and enterprise combined) for the determination of major funds. The County has used GASB Statement Number 34 minimum criteria for major fund determination to determine which funds are required to be reported as major funds. The Nonmajor funds are combined in a column in the fund financial statements and detailed in the combining section.

Governmental Major Funds

- General – The general fund is the County’s primary operating fund. It is used to account for all resources traditionally associated with governments except those required to be accounted for in other funds.
- Hospital Trust – This fund is used to account for the sales tax proceeds restricted for use at the county hospital.
- Landfill Fund – This fund is used to account for landfill activities.
- Local Option Gas Tax Fund – This fund accounts for the gas tax proceeds.

Proprietary Major Funds

- Hospital – This fund is used to account for balances and activities of the George E. Weems Memorial Hospital.

Other Fund Types

The County reports one type of fiduciary fund, agency funds which are used to account for the collection and disbursement of monies by the County on behalf of other governments and individuals.

Noncurrent Governmental Assets/Liabilities

GASB Statement Number 34 requires noncurrent governmental assets, such as land, buildings and equipment and noncurrent governmental liabilities, such as general obligation bonds and capital leases, to be reported in the governmental activities column in the government-wide statement of net position.

Budgets

Annual budgets are legally adopted for all governmental funds and proprietary funds. Budgets are prepared and adopted on a basis of accounting consistent with U.S. generally accepted accounting principles. Encumbrances are not recorded. Unexpended items at year end must be reappropriated in the subsequent year.

The annual budgets serve as the legal authorization for expenditures. Expenditures cannot legally exceed the total amount budgeted for each fund. All budget amendments, which change the legally adopted total appropriation for a fund, are approved by the Board.

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Florida Statutes provide that it is unlawful to make expenditures that exceed the total amount budgeted for each fund. Therefore, the fund level is the legal level of control for budget considerations. Chapter 129, Florida Statutes, governs the manner in which the budget may be legally amended once it has been approved. Pursuant to Chapter 129, only the Board of County Commissioners can approve budget amendments that change the total approved budget appropriation of an individual fund. Department managers can transfer appropriations within the budget, but cannot change the total appropriation of an individual fund without the approval of the Board of County Commissioners.

If during the fiscal year additional revenue becomes available for appropriations in excess of those estimated in the budget, the Board by resolution may make supplemental appropriations for the year up to the amount of such excess. During the current fiscal year, various supplemental appropriations were approved by the Board in accordance with Florida Statutes.

Budgetary data presented in the accompanying basic financial statements in the final budgeted amounts column represents the final budgetary data. In this column the effects of budget amendments have been applied to original budgetary data.

Investments

Investments of the County are reported at fair value unless otherwise disclosed.

External Investment Pools

Local Government Surplus Funds Trust Fund (pool) – The County maintains deposits in the Local Government Surplus Funds Trust Fund. This external investment pool, which is administered by the State of Florida State Board of Administration (SBA), has adopted operating procedures consistent with the requirements for a “2a-7 like” pool and the fair value of the position in the pool is equal to the value of the pool shares. Pursuant to the provisions of GASB Statement 31, such investments are stated at cost.

Derivatives and Similar Debt and Investment Items

The County has not directly or indirectly used or written any derivatives or similar debt and investment items during the current year. However, the County did have indirect exposure to similar debt and investment items through the investments held in the State of Florida State Board of Administration.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, the County considers bank deposits, certificates of deposit and all highly liquid debt instruments with an original maturity of three months or less to be cash equivalents.

Restricted Assets

Certain assets of the various funds are required by resolutions or ordinances to be set aside and used for specific purposes; thus, they are not available to be used for general operations. When both restricted and unrestricted resources are available for use, it is the government’s policy to use externally restricted resources first, then unrestricted resources – committed, assigned, and unassigned – in order as needed.

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Accounts Receivable

Accounts receivable are shown at their net realizable value and reduced by an allowance for uncollectible accounts.

Due from (to) Other Funds

Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, rights of way, stormwater system, sidewalks, and similar items), are reported in the governmental column in the government-wide financial statements. Capital assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one operating cycle are recorded as capital assets. Infrastructure, such as roads, bridges and sidewalks are capitalized when their initial costs exceed \$25,000. Capital assets are recorded at historical cost or estimated historical cost if actual cost is unknown. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or extend its useful life are expensed as incurred.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. For assets constructed with governmental fund resources, interest during construction is not capitalized.

The Board holds legal title to the capital assets used in its operations, and those of the following: Clerk of the Circuit Court, Property Appraiser, Supervisor of Elections and Tax Collector, and is accountable for them by Florida Law.

The Sheriff is accountable for and maintains capital asset records pertaining only to equipment used in his operations. These assets have been combined with the Board's governmental activities capital assets in the statement of net position.

Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives of the related assets. Estimated useful lives are generally as follows:

Buildings	20-50 years
Improvements other than buildings	20-50 years
Machinery and equipment	5-20 years
Infrastructure	15-50 years

Deferred Inflows

Deferred inflows reported in the government-wide financial statements represent unearned revenues. The deferred inflows will be recognized as revenue in the fiscal year they are earned in accordance with the accrual basis of accounting. Deferred inflows reported in governmental fund financial statements represent unearned revenues which are measurable but not available, and in accordance with the modified accrual basis of accounting, are reported as deferred inflows.

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Compensated Absences

The County maintains a policy that permits employees to accumulate earned but unused vacation and sick pay benefits that will be paid to employees upon separation from County service if certain criteria are met. These benefits, plus their related tax and retirement costs are classified as compensated absences. Employees may be paid for unused vacation hours accrued up to a maximum amount. Payment of unused sick leave, upon termination, is also provided for up to varying amounts.

Both the current and long-term portion of compensated absences are accrued and reported in the government-wide financial statements. No expenditure is reported in the government fund level statements for these amounts until payment is made. Compensated absences liability is based on current rates of pay.

Fund Balances

The County has implements GASB Statement 54 employing new terminology and classifications for fund balance.

Nonspendable – This category includes the resources that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted – This category includes resources restricted by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions, or enabling legislation.

Committed – This category includes resources that can only be used for specific purposes pursuant to constraints imposed by formal action of the highest level of decision- making authority which is the County Commissioners. Commitments may be altered or removed only by formal action of the County Commissioners.

Assigned – This category includes resources that are intended to be used for specific purposes, but is neither restricted nor committed. These are resources that have been set aside for a specific purpose by an authorized government body or official.

Unassigned – This category is the residual classification for the County's fund balances.

When both restricted and unrestricted amounts are available the County spends the restricted amounts first, unless prohibited by law, grant agreements or other contractual arrangement, further, when committed fund balance is available the County will use it first, followed by assigned fund balance and then unassigned fund balance for purposes in which any of the unrestricted fund balance classifications could be used.

Property Taxes

Under Florida law, the assessment of all properties and the collection of all County, Municipal and School Board property taxes are consolidated in the offices of the Property Appraiser and Tax Collector. The laws of the State regulating tax assessment are also designed to assure a consistent property valuation method statewide. Florida Statutes permit counties to levy property taxes at a rate of up to 10 mills for general operations. The millage rate assessed by the County for the year ended September 30, 2022 was 6.3065 mills.

The tax levy of the County is established by the Board prior to October 1, of each year and the Property Appraiser incorporates the County millage rates into the total tax levy, which includes the various municipalities, the County School Board, and other taxing authorities.

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

All property is assessed according to its fair market value January 1, of each year. Each assessment roll is submitted to the Executive Director of the Florida Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of Florida Statutes.

All taxes become payable on November 1, of each year, or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January and 1% in the month of February. Taxes paid in March are without discount.

On or prior to June 1, following the tax year, tax certificates are sold for all delinquent taxes on real property. After sale, tax certificates bear interest of 18% per year or at any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. Unsold tax certificates are held by the County.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ significantly from those estimates.

Encumbrances

Encumbrances represent commitments in the form of purchase orders which are chargeable to an appropriation and for which a part of the appropriation is reserved. Encumbrances do not represent expenditures or liabilities. The County does not record encumbrances outstanding at year end.

Landfill Closure Costs

Under the terms of current State and Federal regulations, the County is required to place a final cover on closed landfill areas, and to perform certain monitoring and maintenance functions for a period of up to thirty years after closure. The County recognizes these costs of closure and postclosure maintenance over the active life of each landfill area, based on landfill capacity used during the period. Required obligations for closure and postclosure costs are recognized in the general fund.

Subsequent Events

The County evaluated subsequent events through June 28, 2023, the date which the financial statements were available to be issued.

In October of 2018, Hurricane Michael made landfall as the strongest hurricane on record to hit the Florida Panhandle and the fourth strongest hurricane to ever hit the contiguous United States. The County incurred property and infrastructure damage and its operations were impacted directly for a period of time and will be indirectly impacted for years to come while Franklin County and the surrounding areas continue their recovery efforts. Management is not able to accurately estimate the potential financial impact of Hurricane Michael on the County for the upcoming fiscal years, and any such impacts could be significant.

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

On January 7, 2020, the Florida Department of Emergency Management allocated \$266,578 to the Hospital for loss of revenue claims during Hurricane Michael, which made landfall in October 2018 as the strongest hurricane on record to hit the Florida Panhandle and the fourth strongest hurricane to ever hit the contiguous United States. The Hospital incurred structural damage and its operations were impacted directly for a period of time and will be indirectly impacted for years to come while Franklin County and the surrounding areas continue their recovery efforts. Management is not able to accurately estimate the potential financial impact of Hurricane Michael on the Hospital for the upcoming fiscal years, and any such impacts could be significant.

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position:

The governmental fund balance sheet includes reconciliation between *fund balances – total governmental funds* and *net position of governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains, long-term liabilities are not due and payable in the current period and therefore, are not reported in the funds.” The details of this difference are as follows:

Leases payable	\$ 138,053
Loans payable	1,767,658
Compensated absences	790,753
Net OPEB obligation	15,133,969
Landfill closing costs	<u>3,330,353</u>
Net adjustment to reduce fund balances – total governmental funds to arrive at net position of governmental activities	<u>\$ 21,160,786</u>

Another element of that reconciliation states, “capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds.” The details of this difference are as follows:

Cost of capital assets	\$ 180,291,428
Less: accumulated depreciation	<u>(79,106,193)</u>
Net adjustment to increase fund balances – total governmental funds to arrive at net position of governmental activities	<u>\$ 101,185,235</u>

Another element of that reconciliation states, “Other long-term assets are not available to pay for current period expenditures and therefore, are deferred in the funds.” The details of this difference are as follows:

Deferred revenues	\$ <u>695,510</u>
Net adjustment to increase fund balances – total governmental funds to arrive at net position of governmental activities	<u>\$ 695,510</u>

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (continued)

Another element of that reconciliation states, “some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.” The details of this difference are as follows:

Cost of capital assets sold	\$ (5,184)
Compensated absences	(70,075)
Change in deferred revenue	367,611
Change in opeb	(445,000)
Change in landfill closure liability	<u>(216,718)</u>
Net adjustment to increase net change in fund balances - total governmental funds to arrive at change in net position of governmental activities	<u>\$ (369,366)</u>

NOTE 3 –CASH AND INVESTMENTS

Deposits Policies

All cash resources of the County are placed in banks that are qualified public depositories, as required by law (Florida Security for Public Deposits Act). Every qualified public depository is required by this law to deposit with the State Treasurer eligible collateral equal to, or in excess of, an amount to be determined by the State Treasurer. The State Treasurer is required to ensure that the County’s funds are entirely collateralized throughout the fiscal year. In the event of failure by a qualified public depository, losses in excess of federal depository insurance and proceeds from the sale of the securities pledged by the defaulting depository are assessed against the other qualified public depositories of the same type as the depository in default. When other qualified public depositories are assessed additional amounts, they are assessed on a pro-rata basis.

The County’s cash and cash equivalents include cash on hand, demand deposits, and short-term investment with original maturities of three months or less from the date of acquisition.

Investment Policies

Florida Statutes, section 218.415, authorizes the County to invest surplus funds in the following:

The Local Government Surplus Funds Trust Fund or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act as provided in s. 163.01.

Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

Interest-bearing time deposits or savings accounts in qualified public depositories as defined in s. 280.02.

Direct obligations of the United States Treasury.

Federal agencies and instrumentalities.

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 3 –CASH AND INVESTMENTS (continued)

Securities of, or other interests in, any open-end or closed-end management-type investment company or investment trust registered under the Investment Company Act of 1940, 15 U.S.C. ss. 80a-1 et. Seq., as amended from time to time, provided that the portfolio of such investment company or investment trust is limited to obligations of the United States Government or any agency or instrumentality thereof and to repurchase agreements fully collateralized by such United States Government obligations, and provided that such investment company or investment trust takes delivery of such collateral either directly or through an authorized custodian.

The County had no investments at September 30, 2022.

Credit Risks

The credit risk of certain investments, such as investment pools managed by other governments, cannot be categorized as to credit risk because the County investments are not evidenced by specific, identifiable investment securities.

Interest Rate Risks

At September 30, 2022, the County did not hold any investments other than those disclosed below that were considered to be an interest rate risk.

Custodial Risks

At September 30, 2022, the County held deposits or investments that were considered to be a custodial risk. See below.

Concentration of Credit Risk

At September 30, 2022, the County did not hold any investments that were considered to be a concentration of credit risk.

At September 30, 2022, the County's cash and investments consisted of the following:

	Credit Rating	Current	0 - 5 Years	5 - 10 Years	Total Carrying Amount
Cash including money market fund	(1)	\$25,079,577	\$ —	\$ —	\$25,079,577
Local Government Surplus Trust Fund Pool		<u>5,427,074</u>	<u>—</u>	<u>—</u>	<u>5,427,074</u>
Total		<u>\$30,506,651</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$30,506,651</u>

(1) These funds are not rated. Investments in these funds are restricted to cash, short term obligations of the U.S. government and government backed securities.

Local Government Surplus Funds Trust Fund (Florida PRIME)

The Florida PRIME is considered a SEC 2a7-like fund and the account balance is the fair value of the investment.

Credit quality disclosure – Florida PRIME is rated by Standard and Poor's. The current rating is AAAM.

Interest rate risk – The weighted average days to maturity of the Florida PRIME at September 30, 2022 was 30 days.

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 4 –ACCOUNTS RECEIVABLE AND NOTES RECEIVABLE

Accounts receivables at September 30, 2022, consisted of the following:

Governmental Activities - Accounts/Notes Receivable	General	Other Governmental Funds	Total
Accounts receivable	\$ 63,511	\$ 448,984	\$ 512,495
Notes receivable	—	285,684	285,684
(Allowance for doubtful accounts)	—	—	—

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 5 –INTERFUND RECEIVABLE, PAYABLES AND TRANSFERS (continued)

During 2020, the County approved the removal of an outstanding amount due of \$690,000 from Weems Memorial Hospital to the Health Care Trust Fund. The \$690,000 was the outstanding balance of operational advancements given to Weems Hospital from the Health Care Trust Fund in 2015/2016 when they were experiencing Medicare and Medicaid billing issues.

The general fund has amounts due to and from constitutional officers, which represent the return of excess due at the end of the fiscal year, from either budget officers or fee officers. All remaining balances resulted from the time lag between the dates that (a) interfund goods and services are provided or reimbursable expenditures occur, (b) transactions are recorded in the accounting system, and (c) payments between funds are made.

<u>Fund Transferred From</u>	<u>Fund Transferred to</u>	<u>Amount</u>	<u>Purpose</u>
Healthcare Trust Fund	Hospital	\$ 1,833,804	Transfer of ½ cent sales tax and clinic operation

NOTE 8- PENSION PLAN

A. Florida Retirement System

Plan Description – The County contributes to the Florida Retirement System (the FRS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of Florida, Department of Administration, Division of Retirement. The FRS provides retirement, disability or death benefits to retirees or their designated beneficiaries along with an annual cost-of-living adjustment. Employees are classified in either the regular service class or the senior management service class. Currently, the active participants for Franklin County, Florida are 204 out of total of 629,073 active FRS participants.

The Florida Legislature created the Florida Retirement Investment Plan (the “investment Plan”), a defined contribution plan qualified under Section 401 (a) of the Internal Revenue Code. The Investment Plan is administered by the Department of Management Services and is an alternative available to members of the Florida Retirement System in lieu of participation in the defined benefit retirement plan (“the Pension Plan”). If the Investment Plan is elected, active membership in the Pension Plan is terminated. Eligible members of the Investment Plan are vested at one year of service and receive a contribution in an investment product with a third party administrator selected by the State Board of Administration.

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 8- PENSION PLAN (continued)

Chapter 121, *Florida Statutes*, establishes the authority for benefit provisions and contribution requirements. Changes to the law can only occur through an act of the Florida Legislature. There are uniform contribution rates as discussed on the following page that cover both the defined benefit and defined contribution plans. Information for the required employer contributions made to the Investment Plan were unavailable from FRS.

Additional Financial and Actuarial Information – Additional audited financial information supporting the Schedules of Employer Allocations and the Schedule of Pension Amounts by Employer is located in the Florida Comprehensive Annual Financial Report (CAFR) and in the Florida Retirement System Pension Plan, and Other State-Administered Systems CAFR.

See <http://www.myfloridacfo.com/Division/AA/Reports/default.htm> for an available copy of the Florida CAFR online.

The FRS CAFR and actuarial valuation reports as of July 1, 2020 are available online at http://www.dms.myflorida.com/workforce_operations/retirement/publications/annual_reports.

Reports may also be obtained by contacting the Division of Retirement at:

Department of Management Services
Division of Retirement
Bureau of Research and Member Communications
P O Box 9000
Tallahassee, Florida 32315-9000
850-488-4706 or toll free at 877-377-1737

Funding Policy – Prior to July 1, 2011, the FRS was employee noncontributory. Beginning July 1, 2011, employees who are not participating in the Deferred Retirement Option Plan (DROP) are required to contribute 3% of their salary to the FRS. The County is required to contribute at an actuarially-determined rate.

The FRS relies upon contributions from employees and employers, along with investment income, to meet the funding requirements of an actuarially determined accrued liability. As of July 1, 2022, the date of the latest valuation, the FRS funded ratio was 82.4% on the valuation funding basis and 82.9% on a Market Value of Assets basis.

The County also participates in the Retiree Health Insurance Subsidy (HIS) Program, a cost sharing, multiple-employer defined benefit pension plan established under Section 112.363, *Florida Statutes*. The benefit is a monthly cash payment to assist retirees of state-administered retirement systems in paying their health insurance costs.

In addition to the above benefits, the FRS administers a Deferred Retirement Option Program (“DROP”). This program allows eligible employees to defer receipt of monthly retirement benefit payments while continuing employment with a Florida Retirement System employer for a period not to exceed 60 months after electing to participate. DROP benefits are held in the FRS Trust Fund and accrue interest.

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 8- PENSION PLAN (continued)

The HIS Program is funded by required contributions from FRS participating employers as set by the State Legislature. Employer contributions are a percentage of gross compensation for all active FRS employees and are reported by employers with monthly payroll reports and included with the amount submitted for retirement contributions. For the fiscal year ended September 30, 2022, the contribution rate was 1.66% of payroll pursuant to Section 112.363, *Florida Statutes*.

The contributions required for the years ended September 30, 2022, 2021, and 2020 were \$1,652,412 and \$1,354,521, and \$1,234,517, respectively, which is equal to 100% of the required contribution for each year.

Contributions

The contribution requirements of plan members and the City are established and may be amended by the Florida Legislature. Employees are required to contribute 3% of their salary to FRS. The City's contribution rates as of September 30, 2022 were as follows:

	FRS	HIS
Regular Class	9.10%	1.66%
Special Risk Class	24.17%	1.66%
Senior Management Service Class	27.29%	1.66%
Elected Officials	49.70%	1.66%
DROP	16.68%	1.66%

Net Pension Liability – At September 30, 2022, the County reported for its share of the FRS and HIS plans the amount for the net pension liability as shown below:

	<u>FRS</u>	<u>HIS</u>	<u>Total</u>
June 30, 2022	\$11,306,255	\$2,372,265	\$13,678,520
June 30, 2021	\$ 2,199,805	\$2,557,445	\$ 4,757,250

The net pension liability for each plan was determined by the plans' actuary and reported in the plans' valuations dated July 1, 2022 and July 1, 2021 for the net pension liability as of June 30, 2022 and 2021, respectively.

At September 30, 2022, the County reported for its proportionate share of the employer portion for the FRS and HIS net pension liability the percentages below:

	<u>FRS</u>	<u>HIS</u>
June 30, 2022	0.030386594%	0.022397613%
June 30, 2021	0.029121590%	0.020849016%
Increase/(Decrease) in Share for 2022	(0.001265004)%	0.001548597%

The County's proportionate share of the net pension liability was based on the County's 2021-2022 fiscal year contributions relative to the 2020-2021 fiscal year contributions of all participating members of FRS.

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 8- PENSION PLAN (continued)

Actuarial Assumptions

The total pension liability for each of the defined benefit plans, measured as of June 30, 2022, was determined by an actuarial valuation dated July 1, 2022, using the individual entry age normal actuarial cost method and the following significant actuarial assumptions:

	FRS	HIS
Inflation	2.4%	2.4%
Salary increases	3.25%	3.25%
Investment rate of return	6.7%	N/A
Discount rate	6.7%	3.54%

Mortality assumptions for both plans were based on the Generational RP-2000 with Projection Scale BB.

For both plans, the actuarial assumptions used in the valuation dated July 1, 2022 were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

The following changes in key actuarial assumptions occurred in 2022:

FRS: The long-term expected rate of return decreased from 6.8% to 6.7%, and the active member mortality assumption was updated.

HIS: The municipal rate used to determine total pension liability was decreased from 2.21% to 2.16%.

The long-term expected investment rate of return was not based on historical returns, but instead was based on a forward-looking capital market economic model. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. For the FRS Pension Plan, the table below summarizes the target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class.

<u>Asset Class</u>	<u>Target Allocation (1)</u>	<u>Annual Arithmetic Return</u>	<u>Compound Annual (Geometric) Return</u>
Cash	1.00%	2.6%	2.6%
Fixed Income	19.8%	4.4%	4.4%
Global Equity	54.00%	8.8%	7.3%
Real Estate (Property)	10.30%	7.4%	6.3%
Private Equity	11.10%	12.0%	8.9%
Strategic Investments	3.80%	6.2%	5.9%
Total	<u>100.00%</u>		

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 8- PENSION PLAN (continued)

Discount Rate

The discount rate used to measure the total pension liability for the FRS Pension Plan was 6.7%. FRS fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS Program is essentially funded on a pay-as-you-go basis, a municipal bond rate of 3.54% was used to determine the total pension liability for the program. The Bond Buyer General Obligation Bond 20-Bond Municipal Bond Index was used as the applicable municipal bond index.

Sensitivity Analysis – the tables below represent the sensitivity of the net pension liability to changes in the discount rate for Franklin County, Florida. The sensitivity analysis shows the impact to the collective net pension liability of the participating employers if the discount rate shows as 1.00% higher or 1.00% lower than the current discounted rate at June 30, 2022.

FRS Net Pension Liability		
1% Decrease	Current Discount Rate	1% Increase
5.7%	6.7%	7.7%
<u>\$ 19,553,390</u>	<u>\$ 11,306,255</u>	<u>\$ 4,410,668</u>

HIS Net Pension Liability		
1% Decrease	Current Discount Rate	1% Increase
2.54%	3.54%	4.54%
<u>\$ 2,717,066</u>	<u>\$ 2,372,265</u>	<u>\$ 2,089,432</u>

Pension Expense and Deferred Outflows (Inflows) of Resources – In accordance with GASB 68, paragraph 71, changes in the net pension liability are recognized as pension expense in the current measurement period with the following exceptions shown below. For each of the following, a portion is recognized in pension expense in the current measurement period, and the balance is amortized as deferred outflows or inflows of resources using rational method over a time period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors which are amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan, both active and inactive.

SEPTEMBER 30, 2022

NOTE 8- PENSION PLAN (continued)

- Changes of Assumptions or other inputs which are amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan, both active and inactive.
- Differences between expected and actual earnings on pension plan investments are amortized over five years.

For the fiscal year ended September 30, 2022, the County recognized pension expense of \$2,119,315 for the FRS plan. In addition the County reported deferred outflows of resources and deferred inflows of resources relate to pensions from the following sources:

Description	Deferred Outflows of Resources for the FRS Plan	Deferred Inflows of Resources for the FRS Plan
Differences between expected and actual experience	\$ 536,982	\$ —
Change of assumptions	1,392,413	—
Net difference between projected and actual earnings on FRS Plan investments	746,551	—
Changes in proportion and differences between County FRS Plan contributions and proportionate share of contributions	(1,019,591)	204,485
County FRS Plan contributions subsequent to the measurement date	<u>355,923</u>	<u>—</u>
Total	<u>\$ 2,012,278</u>	<u>\$ 204,485</u>

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Pension Plan will be recognized in pension expense as follows:

Reporting Period Ending June 30	FRS Expense
2023	\$ 647,135
2024	244,195
2025	(218,540)
2026	1,901,476
2027	101,680
Thereafter	—

For the fiscal year ended September 30, 2022, the County recognized pension expense of \$360,705 for the HIS plan. In addition the County reported deferred outflows of resources and deferred in flows of resources related to pensions from the following sources:

2027	(50,362)
Thereafter	(22,952)

NOTE 9 – OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description

The County has established the Retiree's Health Insurance Other Postemployment Benefits Plan, a single employer plan. Pursuant to the provisions of Section 112.0801, Florida Statutes, employees who retire from the County and eligible dependents, may continue to participate in the group insurance plan. Retirees and their eligible dependents shall be offered the same health and hospitalization insurance coverage as is offered to active employees at a premium cost of no more than the premium cost applicable to active employees. The County subsidizes the premium rates paid by the retirees by paying 50% of the premium for the retiree, excluding dependent coverage, and also by allowing them to participate in the plan at blended group (implicitly subsidized)

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 9 – OTHER POSTEMPLOYMENT BENEFITS (OPEB)

premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. The County currently has approximately 226 total active and retired employees eligible to receive these benefits. No stand-alone report is issued for this plan.

Eligibility

A participant is eligible to receive benefits from the plan upon retirement under the Florida Retirement System plan provisions. To be eligible for retiree benefits, the participant must be covered under the medical plan as an active employee immediately prior to retirement. Participants not eligible for retirement at the time of their termination are not eligible for immediate or future benefits from the plan.

Funding Policy

Although the contribution requirement is established by Statute, the contribution amount required by plan members and the government are established and may be amended by the Franklin County Board of County Commissioners. Currently, members receiving benefits pay half of the full cost (total premium) for medical coverage for individual coverage and 100% of the full cost for dependent coverage.

The contribution rate effective for other eligible County plan members during the year for the implied subsidy is \$323 per month each for each retiree. Dependent coverage is available; however, dependent coverage is not subsidized. The explicit subsidy contribution rate is 50% of the actual premium, \$323 per month during the current year. This valuation includes both the implied and explicit subsidies.

The County has not advance-funded or established a funding methodology for the annual Other Postemployment Benefit (OPEB) costs or the net OPEB obligation. Rather, the funding is based on a pay-as-you-go basis. During the fiscal year, the County provided contributions of \$273,000 toward the annual OPEB cost. A Schedule of Employer Contributions can be found in required supplementary information immediately following the notes.

Actuarial Methods and Assumptions

The actuarial assumptions used represent a reasonable long term expectation of future OPEB outcomes. As a national economic and County experience change over time, the assumptions will be tested for ongoing reasonableness and, if necessary updated. Significant methods and assumptions were as follows:

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 11 – RISK MANAGEMENT

The Sheriff participates in the Florida Sheriff's Self-Insurance Fund Program, administered by the Florida Sheriff's association. The program is considered a public entity risk pool which purchases insurance policies on behalf of its members. The pool's members are not obligated for risk associated with such coverage. Coverage under this program includes general liability, public officials' liability and public employees' blanket bond.

The funding agreements provide that the self-insurance fund will be self-sustaining through member premiums and that the Sheriff's liability fund will reinsure through commercial companies. Aggregate coverage provided by the liability fund is \$3,300,000 for professional liability and \$3,200,000 for public officials' coverage.

The Sheriff provides for automobile liability coverage and workers' compensation coverage through the Board. The Board established a risk management program to administer both its uninsured and insured risk of loss.

There has been no significant reduction in insurance coverage from the prior year and there have been non settlements in excess of insurance coverage in the past three years.

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors or omissions; injuries to employees and/or the public; or damage to property of others. The county is a member of the Florida Association of Counties Trust (the Trust) for its general liability insurance coverage. The County pays an annual premium to the Trust and a debt service payment to the pooled liability insurance program revenue bond. The Trust is to be self-sustaining through member premiums and will reinsure through commercial companies for certain claims. The County continues to purchase commercial insurance to cover their other risks of loss. Insurance against losses are provided for the following types of risk:

- Workers' compensation and employer's liability
- General and automobile liability
- Real and personal property damage
- Public officials liability
- Accidental death and dismemberment

The County's coverage for workers' compensation is under a retrospectively rated policy. Premiums are accrued based on the ultimate cost-to-date of the County's experience for this type of risk.

NOTE 12 – LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

The County maintains a special revenue fund for its landfill management escrow account to ensure the availability of financial resources for closing the landfill. The escrow account balance is \$3,113,635 at September 30, 2022. Receipt of waste at the County's Class I central landfill has been indefinitely suspended and the County contracts for waste to be transported out of the Count. In the event operations were to resume at the Class I landfill, there are about two years remaining capacity. Currently, the County also operates a Class III landfill.

State and federal laws and regulations require the County to place a final cover on its landfill sites when it stops accepting waste, and to perform certain maintenance and monitoring functions at the site for approximately thirty years after closure. The \$3,330,353 amount reported as landfills closure and postclosure care liability at September 30, 2022 (see note 7), represents the portion of costs to be incurred and reported as a liability to-date based on the use of 56% of the Class I landfill estimated capacity and 100% of the Class III (original) and 37% of the Class III (expansion) landfill estimated capacity. Total estimated costs are projected at \$2,564,449 for closure and \$3,171,016 for postclosure care at current prices. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. The Board follows GASB Statement No. 18 entitled *Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs*.

FRANKLIN COUNTY, FLORIDA

NOTE 13 – LITIGATION AND CONTINGENT LIABILITIES

The County is a party to a number of lawsuits and claims arising out of the normal conduct of its activities. While the results of these lawsuits and claims against the County cannot be predicted with certainty, management does not expect that these matters will have a material adverse effect on the financial position of the County.

The following is a summary of major commitments of the County and contracts in progress as of September 30, 2022:

PROJECT	SOURCE OF PAYMENT	PAID TO DATE	COMMITMENT REMAINING
EOC Design Grant	Grant - FDEM	95,000	95,000

NOTE 14 – LEASE OF FRANKLIN COUNTY AIRPORT

On October 17, 2017, the County entered into a 60 month contract with rent at \$2,500 per month plus a fuel flowage fee of \$0.25 per gallon sold plus tax.

NOTE 15 – LOCAL OPTION GAS TAX

The County adopted an ordinance effective January 1, 1998 for a period of twenty years providing for a five-cent per gallon local option gas tax on fuel sold in the County. The proceeds of this tax are being expended on road construction and road maintenance. The tax generates approximately \$250,000 in annual revenue.

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 16 – EMPLOYEE LEASE

On April 16, 2019, the Hospital entered into an agreement with Paychex Business Solutions, to provide employees for the Hospital. Under the agreement, Paychex Business Solutions was the employer of all persons working at the Hospital during the year ended September 30, 2020 and through July 4, 2021, and was reimbursed by the Hospital for all wages and management fees associated with the lease. On July 5, 2021, the Hospital entered into a similar employee leasing agreement with Modern Business Associates, Inc. which remains in effect.

Employee leasing costs totaled \$4,359,880 for the year ended September 30, 2022.

NOTE 17 – RECENT ACCOUNTING PRONOUNCEMENTS

The County did not adopt any new statements of financial accounting standards issued by GASB having a material impact on the financial statements.

In May 2020, the GASB issued Statement No. 95 (GASB 95), Postponement of the Effective Date of Certain Authoritative Guidance. GASB 95 extends the effective date of certain accounting and financial reporting provisions in Statements and Implementation Guides that were first effective for reporting periods beginning after June 15, 2018. The requirements of GASB 95 apply to the financial statements of all state and local governments. The primary objective of GASB 95 is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. The requirements of GASB 95 are effective immediately.

Pronouncements Issued But Not Yet Effective

GASB has issued the following pronouncements that may affect future financial position, results of operations, cash flows, or financial presentation of the Hospital upon implementation. Management has not yet evaluated the effect of implementation of these standards.

GASB Statement No.	GASB Accounting Standard	Effective Fiscal Year

96	<i>Subscription-Based Information Technology Arrangements Certain Component Unit Criteria, and Accounting and</i>	

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 18 – CARES ACT FUNDING

Additional funding for the Public Health and Social Services Emergency Fund (“Relief Fund”) was among the provisions of the CARES Act, which was signed into law on March 27, 2020, and other legislation. In the year ended September 30, 2020, the Hospital received cash payments of approximately \$3,282,000 from the Relief Fund and state grant programs, associated with lost operating revenues and COVID-related costs, which is reported as nonoperating revenues in the accompanying statement of revenues, expenses and changes in net position. Approximately \$200,000 of federal funding was received during fiscal year 2021.

Payments from the Relief Fund are not loans and, therefore, they are not subject to repayment. However, as a condition to receiving distributions, providers must agree to certain terms and conditions, including, among other things, that the funds are being used for lost operating revenues and COVID-related costs, and that the providers will not seek collection of out-of-pocket payments from a COVID-19 patient that are greater than what the patient would have otherwise been required to pay if the care had been provided by an in-network provider. The Hospital recognizes grant payments as income when there is reasonable assurance of compliance with the conditions associated with the grant. The Hospital’s estimates could change materially in the future based on the Hospital’s operating performance or COVID-19 activities, as well as the evolving grant compliance guidance provided by the government.

The Coronavirus Aid, Relief, and Economic Security Act of 2020 and Related Legislation. The CARES Act and the Paycheck Protection Program and Health Care Enhancement Act (“Paycheck Protection Program”), which was signed into law on April 24, 2020, authorized up to \$2 trillion in government spending to mitigate the economic effects of the COVID-19 pandemic. Below is a brief overview of certain provisions of the CARES Act and related legislation that have impacted and expect will continue to impact the Hospital’s business. Please note that this summary is not exhaustive, and additional legislative action and regulatory developments may evolve rapidly. There is no assurance that the Hospital will continue to receive or remain eligible for funding or assistance under the CARES Act or similar measures.

Public Health and Social Services Emergency Fund. To address the fiscal burdens on healthcare providers created by the COVID-19 public health emergency, the CARES Act and the Paycheck Protection Program authorized \$175 billion for the Relief Fund.

The U.S. Department of Health and Human Services (“HHS”) has indicated that it will be closely monitoring and, along with the Office of Inspector General, auditing providers to ensure that recipients comply with the terms and conditions of relief programs and to prevent fraud and abuse. All providers will be subject to civil and criminal penalties for any deliberate omissions, misrepresentations or falsifications of any information given to HHS. The Hospital has formally accepted the terms and conditions associated with the receipt of its Relief Fund payments.

In fiscal year 2021, during completion of the reporting portal for expenditures of CARES PRF funds, management of the Hospital reported expenses and lost revenues for the period of availability that were less than the funds received for the corresponding period. Accordingly, a payable totaling approximately \$1,046,000 was recorded to “estimated third party settlements” with a corresponding nonoperating expense on the accompanying financial statements. This amount was paid, in full, in early fiscal year 2022. No revisions were made to the previously issued fiscal year 2020 financial statements, as a result of this change in estimate.

Medicare and Medicaid Payment Policy Changes. The CARES Act also alleviates some of the financial strain on hospitals, physicians, and other healthcare providers and states through a series Medicare and Medicaid payment policies that temporarily increase Medicare and Medicaid reimbursement and allow for added flexibility, as described below.

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 18 – CARES ACT FUNDING (continued)

- Effective May 1, 2020 through December 31, 2020, the 2% sequestration reduction on Medicare FFS and Medicare Advantage payments to hospitals, physicians and other providers authorized by the Sequestration Transparency Act of 2020 is suspended and will resume at a future date.
- The CARES Act instituted a 20% increase in the Medicare MS-DRG payment for COVID-19 hospital admissions for the duration of the public health emergency as declared by the Secretary of HHS.
- The scheduled reduction of \$4 billion in federal Medicaid DSH allotments in FFY 2020, as mandated by the Affordable Care Act, is suspended until December 1, 2020. Also, the federal DSH allotment reduction for FFY 2021 will be reduced from \$8 billion to \$4 billion.
- Notwithstanding these adjustments, the ACA-mandated reduction is not expected to be extended past its original termination in FFY 2025.
- The CARES Act expanded the Medicare accelerated payment program, which provides prepayment of claims to providers in certain circumstances, such as national emergencies or natural disasters. Under this measure, providers could request accelerated payments that may be retained for 120 days during which time providers continue to receive payments for services. At the end of the 120-period, the accelerated payment will be repaid via a 100% offset of payments on claims that would otherwise be paid. The repayment period for hospitals and other providers is one year and 210 days, respectively, from the date of receipt of the accelerated payment, after which interest is assessed on the unpaid balance. During the fiscal year ended September 30, 2020, the Hospital applied for and received accelerated payments totaling approximately \$645,000, which is included in estimated third party settlements on the accompanying statements of net position. During fiscal year 2021, these amounts were recouped by the Medicare contractor, with a remaining balance totaling approximately \$172,000 at September 30, 2022, recorded as estimated third party settlements.
- A 6.2% increase in the Federal Medical Assistance Percentage (“FMAP”) matching funds was instituted to help states respond to the COVID-19 pandemic. The additional funds are available to states from January 1, 2020 through the quarter in which the public health emergency period ends, provided that states meet certain conditions. An increase in states’ FMAP leverages Medicaid’s existing financing structure, which allows federal funds to be provided to states more quickly and efficiently than establishing a new program or allocating money from a new funding stream. Increased federal matching funds support states in responding to the increased need for services, such as testing and treatment during the COVID-19 public health emergency, as well as increased enrollments as more people lose income and qualify for Medicaid during the economic downturn.

Because of the uncertainty associated with various factors that may influence Hospital’s future Medicare and Medicaid payments, including future legislative, legal or regulatory actions, or changes in volumes and case mix, there is a risk that Hospital’s estimates of the impact of the aforementioned payment and policy changes will be incorrect and that actual payments received under, or the ultimate impact of, these programs may differ materially from Hospital’s expectations.

FRANKLIN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 19– LEASE EQUIPMENT AND LEASE LIABILITY

Governmental Lease Activity

The County entered into various assets, equipment, copiers, and computer leases effective during the fiscal year 2022, which have terms through September 30, 2027. The original leases called for combined annual payments of \$39,672. The amortization of the leased assets will be over the life of the lease. The County implemented GASB Statement 87 (Leases) on October 1, 2021. The cumulative effect of this implementation on the beginning net position is not material. As of September 30, 2022, the leased equipment, accumulated amortization and lease liability are as follows:

	<u>September 30,</u> <u>2022</u>
Leased equipment	\$ 192,095
Accumulated amortization	<u>(54,042)</u>
Leased equipment, net	<u>\$ 138,053</u>
Lease liability, current	\$ 36,027
Lease liability, long-term	<u>102,026</u>
Lease liability	<u>\$ 138,053</u>

Amortization expense for the year ended September 30, 2022, was \$33,520.

Future payments relating to the lease liability are as follows:

<u>Year Ending</u> <u>September 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$35,920	\$ 3,753	\$39,673

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

NOTE 19– LEASE EQUIPMENT AND LEASE LIABILITY

Leases – Lessee

Business-Type Lease Activity

The Hospital has entered into lease agreements to obtain the right-to-use to various specialized medical equipment and office equipment. The leases range from 24 to 60 months, often with one year renewal periods.

With the implementation of GASB 87, the initial lease liability was recorded in the amount of \$214,768 (September 30, 2021). As of September 30, 2022, the value of lease liability was \$182,690. The leases have interest rates of approximately 3.25%.

Minimum future lease payments under lease liability as of September 30, 2022 are as follows:

<i>For the years ending September 30,</i>	Principal Payments	Interest Expense	Total
2023	\$ 91,367	\$ 2,809	\$ 94,176
2024	38,562	1,164	39,726
2025	37,867	509	38,376
2026	14,894	40	14,934
Total	\$ 182,690	\$ 4,522	\$ 187,212

A summary of changes in the Hospital's long-term debt, including lease liabilities, for the years ended September 30, 2022 and 2021 follows:

	Restated Balance 10/1/2021	Additions	Reductions	Balance 9/30/2022	Due Within One Year
Lease liability	\$ 214,768	\$ 55,983	\$ (88,061)	\$ 182,690	\$ 91,367

FRANKLIN COUNTY, FLORIDA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
YEAR ENDED SEPTEMBER 30, 2022

NOTE 1 – OPEB INFORMATION

The county did not have plan assets accumulated in a trust. For the measurement date of September 30, 2022, the actuarial valuation used a discount rate of 3.58% as of October 1, 2019, and 2.14% as of September 30, 2022. The discount rate will be updated annually to reflect market conditions as of the measurement date.

NOTE 2 – PENSION INFORMATION

The discount rate used to measure the pension liability of the Pension Plan at June 30, 2020 was decreased from 6.9% to 6.8%. The FRS Actuarial Assumption Conference is responsible for setting the assumptions used in the valuations of the defined benefit pension plans pursuant to Section 216.136(10), Florida Statutes. The 6.8% rate of return assumption used in the June 30, 2020 calculations was determined by the Plan's consulting actuary to be reasonable and appropriate per Actuarial Standard of Practice No. 27 (ASOP 27) for accounting purposes which differs from the rate used for funding purposes which is used to establish the contribution rates of the Pension Plan.

NOTE 3 – BUDGETARY INFORMATION

An annual budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America for the general fund, the fine and forfeiture fund, and the records modernization trust fund. All annual appropriations lapse at fiscal year-end.

The Clerk follows these procedures in establishing the budgetary data reflected in the financial statements:

- a) The preparation, adoption and amendment of the budgets are governed by Florida Statutes. Public hearings are conducted to obtain taxpayer comments.
- b) Budget excess expenditures over revenues are funded through appropriations from the Board of County Commissioners.
- c) Formal budgetary integration is employed as a management control device during the year. The legal level of budgetary control is the fund level.
- d) The budgets for the funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America

INDEPENDENT AUDITORS' REPORT ON EXAMINATION OF COMPLIANCE REQUIREMENTS IN ACCORDANCE WITH CHAPTER 10.550, RULES OF THE AUDITOR GENERAL

Honorable Members of the
Board of County Commissioners
Franklin County, Florida

We have examined Franklin County, Florida's (the County) compliance with Section 218.415, Florida Statutes, regarding the investment of public funds and Section 365.172(10) and 365.173(2)(d), Florida Statutes, regarding emergency communications number E911 system fund during the year ended September 30, 2022. Management is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements.

In our opinion, the County complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

This report is intended solely for the information and use of management and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' MANAGEMENT LETTER

Honorable Members of the
Board of County Commissioners
Franklin County, Florida

Report on the Financial Statements

We have audited the financial statements of each major fund and the aggregate remaining fund information of Franklin, County, Florida, Board of County Commissioners, (hereinafter referred to as the "Board"), as of and for the year ended September 30, 2022, and the related notes to the financial statements, and have issued our report thereon dated June 28, 2023.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirement for Federal Awards (Uniform Guidance)* and *Chapter 10.550 Rules of the Florida Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control Over financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control over Compliance, Schedule of Findings and Responses and Independent Auditors' Report on Examination of Compliance Requirements in Accordance with Chapter 10.550, *Rules of Auditor General*. Disclosures in those reports, which are dated June 28, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial report to the extent considered necessary by the County, except as repeated under the heading current year findings and recommendations. See also Summary Schedule of Prior Year Audit Findings.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in

the management letter, unless disclosed in the notes to the financial statements. Franklin County, Florida was established by the Constitution of the State of Florida, Article VIII, Section 1(e). The name or official title and legal authority for the primary government and each component unit of the reporting entity are disclosed in note 1 of the notes to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires a statement be included as to whether or not the local governmental entity has met one or more of the conditions described in Section 219.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the Franklin County, Florida did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.c., and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the County's financial condition, and our financial condition assessments as based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Annual Financial Report

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, requires that we determine whether the annual financial report for Franklin County, Florida for the fiscal year ended September 30, 2022, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2022. In connection with our audit, we determined that these two reports were in agreement.

Additional Matters

Section 10.554 (1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, and the Franklin County Board of County Commissioners and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Members of the
Board of County Commissioners
Franklin County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Franklin County, Florida, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Franklin County Florida's basic financial statements and have issued our report thereon dated June 28, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Franklin County Florida's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Franklin County Florida's internal control. Accordingly, we do not express an opinion on the effectiveness of Franklin County Florida's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Franklin County, Florida's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Franklin County Florida's Response to Findings

Franklin County Florida's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. Franklin County Florida's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550 RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

Honorable Members of the
Board of County Commissioners
Franklin County, Florida

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal and State Program

We have audited Franklin County, Florida's, (the County), compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* and the requirements described in the Florida Department of Financial Services *State Project Compliance Supplement* that could have a direct and material effect on each of Franklin County, Florida's major federal programs for the year ended September 30, 2022. Franklin County, Florida's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Franklin County, Florida complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and Chapter 10.580 of the Rules of the Auditor General. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Franklin County, Florida and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of Franklin County, Florida's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Franklin County, Florida's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Franklin County, Florida's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material

noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Franklin County, Florida's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Franklin County, Florida's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Franklin County, Florida's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Franklin County, Florida's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

FRANKLIN COUNTY, FLORIDA
NOTES TO SCHEDULE OF EXPENDITURES OF
FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
YEAR ENDED SEPTEMBER 30, 2022

Note 1 – Basis of Accounting

The supplementary schedule of expenditures of federal awards and state financial assistance includes the federal and state grant activity of the County. Expenditures are presented on the modified accrual basis of accounting.

Note 2 – Reporting Entity

For the purpose of the supplementary schedule of expenditures of federal awards and state financial assistance the County includes all the funds of the primary government as defined by GASB Statement No. 14, *The Financial Reporting Entity*.

Note 3 – Pass-Through Awards

The Board received certain federal awards from pass-through awards of the State of Florida. The total amount of such pass-through awards is included on the supplementary schedule of expenditures of federal awards and state financial assistance.

Note 4 – Indirect Cost Rate

The County did not elect to utilize the 10% de minimis indirect cost rate.

**FRANKLIN COUNTY, FLORIDA
SUMMARY SCHEDULE OF CURRENT YEAR AUDIT FINDINGS
SEPTEMBER 30, 2022**

2018-001 Accrual Basis Accounting (Repeat)

Hospital

Criteria: Management is responsible for establishing and maintaining effective internal control over financial reporting and presenting financial statements in accordance with generally accepted accounting principles.

Condition: Multiple accounts and financial statement line items required adjustment or reclassification in order for the financial statements to be presented in accordance with generally accepted accounting principles. Such adjustments included proper presentation of cash, accounts receivable and related reserves, prepaid expenses, other assets, accounts payable, other liabilities, estimated third-party payer settlements, property, plan and equipment, and related party accounts, among others. Further, various accounts were not reconciled (or not reconciled timely) to the subsidiary ledgers at fiscal year-end, resulting in some of these adjustments.

Cause: Internal processes and controls were not sufficient (either nonexistent or ineffective) to detect material misstatements of the financial statements. The high level of management and accounting staff turnover during and just before fiscal 2019 was a contributing factor.

Effect: Material misstatement of the financial statements (before auditor adjustments).

Recommendation: Management should focus on strengthening internal controls surrounding financial reporting and the proper presentation of financial statements in accordance with GAAP.

Views of Responsible Officials and Planned Corrective Actions: The Chief Financial Officer (CFO) will reconcile balance sheet accounts monthly. This was due to a lack of training and experience with the current Electronic Medical Records Provider. Staff turnover was a factor.

2018-003 Accounting & Finance Staffing (Repeat)

Hospital

Criteria: Management is responsible for establishing and maintaining effective internal control over financial reporting and presenting financial statements in accordance with generally accepted accounting principles. Such responsibility includes hiring and retaining effective and experienced staff to conduct such activities.

Condition and Cause: Processes and controls in place in fiscal 2019 were not sufficient to maintain effective internal control over financial reporting which resulted in the other findings described within this schedule.

Effect: The effect of this finding is reflected in the effects of findings 2018-001, 2018-002 and 2019-001 through 2019-004.

Recommendation: The Hospital should invest in the hiring of accounting staff and focus on retention of existing staff to ensure that existing control activities can be properly conducted and new policies and controls, necessary to address the findings noted herein, can be established and followed.

Views of Responsible Officials and Planned Corrective Actions: Management will identify options to enhance separations of duties by finance staff.

**FRANKLIN COUNTY, FLORIDA
SUMMARY SCHEDULE OF CURRENT YEAR AUDIT FINDINGS
SEPTEMBER 30, 2022**

2019-001 Reconciliation of Cash and Posting of Receipts (Partial Repeat)

Hospital

Criteria: Internal controls should be in place to ensure that all cash transactions are properly and timely recorded by the Hospital.

Condition and Cause and Effect: We determined that not all bank accounts were fully reconciled in a timely manner, resulting in material, client-posted entries to adjust cash, receivables, and other accounts at fiscal year-end.

Recommendation: Bank reconciliations should be prepared and reviewed on a regular basis for all accounts, regardless of significance, and any identified variances or differences should be investigated and resolved in a timely manner. Cash receipts related to patient accounts should be matched and posted to the appropriate accounts receivable subledger upon receipt, or, if remittance information is not sufficient to enable account identification, investigated and resolved in as timely a manner as possible.

Views of Responsible Officials and Planned Corrective Actions: All bank reconciliations will be conducted monthly with all variances identified investigated and resolved timely. Additionally, all cash receipts related to patient accounts will be reconciled and posted daily with all variances investigated and resolved timely.

2019-006 Capital Assets and Depreciation

Hospital

Criteria: Generally accepted accounting principles require the Hospital to report the cost of capital assets and accumulated depreciation by asset class and annual depreciation by function.

Condition and Effect: We noted variances between the Hospital's capital asset registers and general ledger, and various capital assets that were not recorded, or incorrectly recorded. As a result, adjusting entries were required to record certain capital asset additions, remove assets no longer capitalized, and adjust yearly depreciation expense totals.

Recommendation: We recommend the Hospital implement appropriate measures to ensure that all capital assets are captured and appropriately classified, maintained, and depreciated on the capital asset register, and that the capital asset register is reconciled to the general ledger on a regular basis and any differences that are identified are followed up on and resolved.

Views of Responsible Officials and Planned Corrective: The CFO will set up a structure for Account Payables. The CFO and Franklin County Finance Department will communicate asset dispositions.

INDEPENDENT AUDITORS' REPORT

To the Honorable Michele Maxwell
Franklin County Clerk of the Circuit Court
Franklin County, Florida

Opinions

We have audited the financial statements of the general fund of the Franklin County, Florida Clerk of the Circuit Court, (the Clerk of the Circuit Court), as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Clerk of the Circuit Courts' financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the general fund for the Clerk of the Circuit Court as of September 30, 2022, and the respective changes in financial position thereof and the respective budgetary comparison for the general fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Clerk of the Circuit Court and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida (the Rules). In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the general fund, only for that portion of the general fund, of Franklin County that is attributable to the Clerk of the Circuit Court. They do not purport to, and do not, present fairly the financial position of Franklin County as of September 30, 2022, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions of events, considered in the aggregate, that raise substantial doubt about the Clerk of the Circuit Courts' ability to continue as a going concern for twelve months beyond the financial statement date, including any known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the judgment made by a reasonable user made on the basis of these financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to these risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Clerk of the Circuit Courts' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Clerk of the Circuit Courts' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report June 28, 2023 on our consideration of the Clerk of the Circuit Courts' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Supervisor of Elections' internal control over financial reporting and compliance.

FRANKLIN COUNTY, FLORIDA - CLERK OF THE CIRCUIT COURT
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Clerk of the Circuit Court of Franklin County, Florida is an elected Constitutional Officer of Franklin County pursuant to Article VIII, Section (1) of the *Constitution of the State of Florida*. For financial statement and reporting purposes, the Clerk is a separate constitutional officer as provided for by Chapter 218, Florida Statutes. The Clerk is considered to be a part of the primary government of Franklin County, Florida and the financial information is included in Franklin County's county-wide financial statements.

These special-purpose financial statements include only the balance and activity of the Clerk's office. They have been prepared for the purpose of complying with Section 10.557, *Rules of the Auditor General for Local Government Entity audits*, and are not intended to be a complete presentation of the financial position of the County, or the changes in financial position or where applicable, cash flows, thereof, in conformity with accounting principles generally accepted in the United States of America.

The Clerk funds her operations as a fee officer and a budget officer pursuant to Florida Statutes, Chapters 28, 218 and 129. As a fee officer, the Clerk collects fees and commissions from the County and Circuit Court related matters. As a budget officer, the operations as Clerk to the Board are approved and funded by the Board of County Commissioners. The budgeted receipts from the Board are recorded as other financing sources on the Clerk's financial statements and as other financing uses on the Board's financial statements. Excesses of revenues and other financing sources received over expenditures are remitted to the Board at year-end.

The accounting policies of the Clerk conform to accounting principles generally accepted in the United States of America, as applicable to governments.

B. Basis of Presentation

Accounts are organized on the basis of fund types, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures as appropriate. Government resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled. The Clerk utilizes the following fund types:

FRANKLIN COUNTY, FLORIDA - CLERK OF THE CIRCUIT COURT
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Governmental Fund Types

General Fund – The general fund is the general operating fund of the Clerk. It is used to account for all financial resources, except for those required to be accounted for in other funds.

Fine and Forfeitures Trust Fund – This fund accounts for funds collected and disbursed pursuant to statutes, administrative orders and ordinances.

Modernization Trust Fund – The modernization trust fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

Fiduciary Fund Type

Custodial Funds – The custodial funds are used to account for assets held by the Clerk as an agent for individuals, private organizations, and other governments. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of changes in financial position.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements and relates to the timing of the measurements made, regardless of the measurement focus applied.

The accompanying financial statements have been prepared using the modified accrual basis of accounting for governmental funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available to finance expenditures of the current period. Expenditures are recorded when the liability is incurred, if measurable, except for principal and interest on long-term obligations which is recorded when due.

The Clerk considers receivable collected within 60 days after year end to be available and susceptible to accrual as revenues of the current year. Charges for services and interest earned are susceptible to accrual.

FRANKLIN COUNTY, FLORIDA - CLERK OF THE CIRCUIT COURT
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Measurement Focus

The accounting and financial reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. This means that generally, only current assets and current liabilities are included in the balance sheet. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they present a summary of sources and uses of “available spendable resources” during a period.

E. Budgetary Requirements

Expenditures, other than those for certain agency funds, are controlled by appropriations in accordance with the budget requirements set forth in Florida Statutes. Budgets are adopted for governmental and special revenue funds. Budgetary control is exercised at the fund level. Budgetary changes within the fund are made at the discretion of the Clerk. Appropriations lapse at the end of the fiscal year to the extent they have not been expended. The budgeted revenues and expenditures in the accompanying budgetary comparison statement reflect all approved amendments.

Florida Statutes Chapter 218.35 governs the preparation, adoption, and administration of the Clerk’s annual budget. The Clerk establishes an annual budget for the office which clearly reflects the revenues available to the office and the functions for which the money is to be expended.

The Clerk’s budget is prepared in three parts:

1. The budget relating to the requirements of the Clerk as the Ex Officio Clerk to the Board, County Auditor, County Recorder, and Custodian or Treasurer of all County funds and other county related duties, and for chapter 29 obligations;
2. The budget relating to the Florida court system, which is filed with the Clerk of Courts Operations Corporation (CCOC) by June 1 preceding the fiscal year of the budget, in the format required by the CCOC. Section 28.36, Florida Statutes, defines the maximum annual budget permitted; and
3. The budget for all other operations of the Clerk.

FRANKLIN COUNTY, FLORIDA - CLERK OF THE CIRCUIT COURT
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The annual budgetary data reported for the governmental fund types are adopted on a basis consistent with accounting principles generally accepted in the United States and represent the Clerk's adopted budget, the original appropriation ordinance, and budget amendments approved by the Clerk or as adopted by the Board.

Budget to actual comparisons are provided in the financial statements for the general fund, the fine and forfeitures trust fund, and modernization trust fund. All budget amounts presented in the accompanying financial statements have been adjusted for legally authorized amendments of the annual budget for the year. Budgets are prepared on the modified accrual basis of accounting.

F. Cash and Cash Equivalents

The Clerk considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

G. Investments

Investments are administered by the Florida State Board of Administration or consist of certificates of deposit when directed by court order. In accordance with the provisions of GASB Statement Number 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, investments of the Clerk are reported at amortized cost, which approximates fair value.

H. Capital Assets

Tangible personal property is recorded as expenditures in the governmental fund types at the time an asset is acquired. Title to these assets vests with the Franklin County Board of County Commissioners, and therefore, the Franklin County Board of County Commissioners records the capitalization of the asset, and any related depreciation. The Clerk maintains custodial responsibility for the capital assets used by her office.

FRANKLIN COUNTY, FLORIDA - CLERK OF THE CIRCUIT COURT
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

I. Compensated Absences

The Clerk maintains a policy that permits employees to accumulate earned but unused leave time and compensatory time benefits that will be paid to employees upon separation from County service if certain criteria are met. These benefits, plus their related tax and retirement costs are classified as compensated absences. Employees may be paid for unused leave time and compensatory time hours accrued up to a maximum amount.

Both the current and long-term portion of compensated absences are accrued and reported in the government-wide financial statements of Franklin County. No expenditure is reported in the government fund level statements for these amounts until payment is made. Compensated absences liability is based on current rates of pay.

J. Net Assets and Fund Equity

GASB Statement 54 – *Fund Balance Reporting and Governmental Funds Type Definitions* was implemented as of October 1, 2009. This Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Categories for fund balance are as follows: nonspendable, restricted, committed, assigned, and unassigned. For more information, see the County-wide note on fund balance.

K. Restricted Assets

Certain assets of the various funds are required by resolutions or ordinances to be set aside and used for specific purposes; thus, they are not available to be used for general operations. When both restricted and unrestricted resources are available for use, it is the government's policy to use externally restricted resources first, then unrestricted resources – committed, assigned, and unassigned – in order as needed.

L. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make use of estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amount of revenues and expenditures during the reporting period. Actual results could differ from estimates.

**FRANKLIN COUNTY, FLORIDA - CLERK OF THE CIRCUIT COURT
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

M. Subsequent Events

The County evaluated subsequent events through June 28, 2023, the date which the financial statements were available to be issued. The County did not have any subsequent events requiring disclosure or recording in these financial statements.

N. Excess Court-related Funds

Based on the legal opinion provided by Clerks of Court Operations Corporation general counsel of the provisions of Section 28.37(3), F.S., which was adopted as policy by the CCOC Finance and Budget Committee, all excess court-related funds have been included in a fund liability, Due to Other Governments.

NOTE 2 - CASH AND INVESTMENTS

Cash Deposits

All Clerk depositories are banks designated by the State Treasurer as qualified public depositories. Chapter 280, Florida Statutes "Florida Security for Public Deposits Act" provides procedures for public depositories to insure monies in banks and savings and loans are collateralized with the Treasurer as an agent for the public entities. All Clerk cash consists of checking accounts and interest-bearing time deposits in a local bank.

Investments

The Clerk maintains investment accounts with the Local Government Surplus Trust Funds Trust Fund (LGSF) administered by the Florida State Board of Administration (SBA). The LGSF is an external investment pool that is not a registrant with the Securities and Exchange Commission (SEC); however, the SBA has adopted operating procedures consistent with the requirements for an SEC Rule 2a-7 fund. The LGSF is governed by Chapter 19-7 of the Florida Administrative Code, which identifies the Rules of the SBA. These rules provide guidance and establish the general operating procedures for the administration of the LGSF. Additionally, the Florida Office of the Auditor General performs the operational audit of the activities and investments of the SBA. Investments with the SBA are not evidenced by securities that exist in physical or book entry form. The LGSF is not rated by statistical rating organizations.

**FRANKLIN COUNTY, FLORIDA - CLERK OF THE CIRCUIT COURT
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 2 - CASH AND INVESTMENTS (continued)

The Clerk held no investments at September 30, 2022.

Interest Rate Risk

At September 30, 2022, the Clerk did not hold any investments that were considered to be an interest rate risk.

Credit Risk

At September 30, 2022 the Clerk did not hold any investments that were considered to be a credit risk.

Custodial Risk

At September 30, 2022 the Clerk did not hold any deposits or investments that were considered to be a custodial risk.

Concentration of Credit Risk

At September 30, 2022 the Clerk did not hold any deposits or investments that were considered to be a credit risk.

NOTE 3 – EMPLOYEE BENEFITS

RETIREMENT PLAN

The Florida Retirement System (FRS) was created by Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

**FRANKLIN COUNTY, FLORIDA - CLERK OF THE CIRCUIT COURT
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 3 – EMPLOYEE BENEFITS (continued)

Essentially all regular employees of the Clerk are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes, Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two costs-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statement, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com)

Plan Description

The Florida Retirement System Pension Plan (FRS Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- Regular Class – Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Class – Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) – Members in senior management level positions.
- Special Risk Class – Members who are special risk employees, such as law enforcement officers, meet the criteria to qualify for this class.

Employees enrolled in the FRS Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special

FRANKLIN COUNTY, FLORIDA - CLERK OF THE CIRCUIT COURT
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 3 – EMPLOYEE BENEFITS (continued)

risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the FRS Plan may include up to 4 years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided

Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. FRS Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

**FRANKLIN COUNTY, FLORIDA - CLERK OF THE CIRCUIT COURT
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 3 – EMPLOYEE BENEFITS (continued)

Detailed information about the County's proportionate share of FRS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided

For the fiscal year ended June 30, 2022, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Detailed information about the County's proportionate share of HIS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Clerk employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature.

FRANKLIN COUNTY, FLORIDA - CLERK OF THE CIRCUIT COURT
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 3 – EMPLOYEE BENEFITS (continued)

The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officer, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members.

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2022, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Clerk.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these operations. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

Participating employer contributions are based upon statewide rates established by the State of Florida. The Clerk's contributions made to the plans during the years ended September 30, 2022, 2021, and 2020 were \$174,298, \$137,392, and \$96,188, respectively, equal to the actuarially determined contribution requirements for each year. Additional information about pension plans can be found in the County's annual financial statements.

FRANKLIN COUNTY, FLORIDA - CLERK OF THE CIRCUIT COURT
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 4 – CHANGES IN LONG-TERM OBLIGATIONS

Long-term debt of the Clerk of the Circuit Court is reported as a component of the County's government-wide financial statements as follows:

	Balance			Balance
	<u>09/30/21</u>	<u>Additions</u>	<u>Reductions</u>	<u>09/30/22</u>
Accumulated compensated absences	\$ <u>57,502</u>	\$ <u>—</u>	\$ <u>(3,829)</u>	\$ <u>53,673</u>

Accrued compensated absences represent the vested portion of accrued leave time, and compensatory time. See note 1 for a summary of the Clerk of the Circuit Court's policy regarding compensated absences.

NOTE 5 –RISK MANAGEMENT

The Clerk is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors or omissions; injuries to employees and the public; or damage to property of others. The Clerk participates in the risk management program through the Franklin County Board of County Commissioners, which uses commercial insurance and a public entity risk pool to cover certain risks from loss.

The Board obtained commercial insurance against losses for the following types of risk:

- Real and personal property damage
- Public employee's bond
- Workers' compensation
- General and automobile liability

NOTE 6 – ENCUMBRANCES

Encumbrances represent commitments related to unperformed contracts for goods and services. They do not constitute expenditures or liabilities. The commitments will be honored in the subsequent year for those that expire at year end. The Clerk had no outstanding encumbrances at September 30, 2022.

**NOTE TO SCHEDULES OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES – BUDGET AND ACTUAL-
GOVERNMENTAL FUNDS**

YEAR ENDED SEPTEMBER 30, 2022

(1) Budgetary Information:

An annual budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America for the general fund, the fine and forfeiture fund, and the records modernization trust fund. All annual appropriations lapse at fiscal year-end.

The Clerk follows these procedures in establishing the budgetary data reflected in the financial statements:

- e) The preparation, adoption and amendment of the budgets are governed by Florida Statutes. Public hearings are conducted to obtain taxpayer comments.
- f) Budget excess expenditures over revenues are funded through appropriations from the Board of County Commissioners.
- g) Formal budgetary integration is employed as a management control device during the year. The legal level of budgetary control is the fund level.
- h) The budgets for the funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF SPECIAL-PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Michele Maxwell
Franklin County Clerk of the Circuit Court
Franklin County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the general fund of the Franklin County Clerk of Courts and Comptroller (the Office) as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Franklin County Clerk of Courts and Comptroller's special-purpose financial statements, and have issued our report thereon dated June 28, 2023, which was modified to refer to a basis of accounting required for compliance with state filing requirements, and for other reasons.

Internal Control over Financial Reporting

In planning and performing our audit of the special-purpose financial statements, we considered the Office's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the special-purpose financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal control. Accordingly, we do not express an opinion on the effectiveness of the Franklin County Clerk of Courts and Comptroller's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Franklin County Clerk of Courts and Comptroller's special-purpose financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER REQUIRED BY CHAPTER 10.550, RULES OF THE STATE OF FLORIDA, OFFICE OF THE AUDITOR GENERAL

To the Honorable Michele Maxwell
Franklin County Clerk of the Circuit Court
Franklin County, Florida

We have audited the financial statements of the Franklin County Clerk of Courts and Comptroller (the Office), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated June 28, 2023.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Special-Purpose Financial Statements Performed in Accordance with Government Auditing Standards, and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 28, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address all findings and recommendations made in the preceding financial audit report, if applicable.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Franklin County Clerk of the Circuit Court is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of state law. Franklin County, including the Office of the Clerk, was established by Chapter 8516, Laws of Florida in 1921. There are no component units of the Franklin County Clerk of Courts and Comptroller to be disclosed as required by accounting principles generally accepted in the United States of America.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Franklin County Clerk of Courts and comptroller, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' EXAMINATION REPORT

To the Honorable Michele Maxwell
Franklin County Clerk of the Circuit Court
Franklin County, Florida

We have examined the Franklin County Clerk of Courts and Comptroller's (the Office) compliance with Section 218.415, Florida Statutes, Local Government Investment Policies, Section 28.35, Florida Statutes, Florida Clerks of Court Operations Corporation, Section 28.36, Florida Statutes, Budget Procedure, and Section 61.181, Florida Statutes, Depository for Alimony Transactions, Support, Maintenance, and Support Payments; Fees (collectively, "the Statutes"), for the year ended September 29, 2023. Management is responsible for the Office's compliance with those requirements. Our responsibility is to express an opinion on the Office's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Office complied with the Statutes for the year ended September 30, 2022, in all material respects. An examination involves performing procedures to obtain evidence about the Office's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of risks of material noncompliance with those requirements, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, the Franklin County Clerk of Courts and Comptroller complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the Clerk of Court's compliance with specified requirements.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Clerk of Court, its management, and the Board of County Commissioners of Franklin County, Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To the Honorable A. J. Smith
Franklin County Sheriff
Franklin County, Florida

Opinions

We have audited the financial statements of the general fund of the Franklin County, Florida Sheriff, (the Sheriff), as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Sheriff s' financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the general fund for the Sheriff as of September 30, 2022, and the respective changes in financial position thereof and the respective budgetary comparison for the general fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Sheriff and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida (the Rules). In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the general fund, only for that portion of the general fund, of Franklin County that is attributable to the Sheriff. They do not purport to, and do not, present fairly the financial position of Franklin County as of September 30, 2022, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions of events, considered in the aggregate, that raise substantial doubt about the Sheriff s' ability to continue as a going concern for twelve months beyond the financial statement date, including any known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the judgment made by a reasonable user made on the basis of these financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to these risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff s' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sheriff s' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report June 28, 2023 on our consideration of the Sheriff s' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Sheriff s' internal control over financial reporting and compliance.

FRANKLIN COUNTY, FLORIDA - SHERIFF
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Sheriff of Franklin County, Florida is an elected Constitutional Officer of Franklin County pursuant to Article VIII, Section (1) of the *Constitution of the State of Florida*. For financial statement and reporting purposes, the Sheriff is a separate constitutional officer as provided for by Chapter 218, Florida Statutes. The Sheriff is considered to be a part of the primary government of Franklin County, Florida and the financial information is included in Franklin County's county wide financial statements.

These special-purpose financial statements include only the balances and activity of the Sheriff's office. They have been prepared for the purpose of complying with Section 10.557, *Rules of the Auditor General for Local Government Entity Audits*, and are not intended to be a complete presentation of the financial position of the County, or the changes in financial position or where applicable, cash flows, thereof, in conformity with accounting principles generally accepted in the United States of America.

The Franklin County Board of County Commissioners (Board) funds a portion or, in certain instances, all of the operating budgets of the County's Constitutional Officers except obligations specified under Florida Statutes Chapter 29. The payments by the Board to fund the operations of the Constitutional Officers are recorded as transfers out on the financial statements of the Board and as transfers from the Board on the financial statements of the Constitutional Officers. Repayments to the Board are recorded as transfers out on the financial statements of the Constitutional Officers and as transfers in on the financial statements of the Board.

The accounting policies of the Sheriff conform to accounting principles generally accepted in the United States of America, as applicable to governments.

B. Basis of Presentation

Accounts are organized on the basis of fund types, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures as appropriate. Government resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled. The Sheriff utilizes the following fund types:

FRANKLIN COUNTY, FLORIDA - SHERIFF
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Governmental Fund Types

General Fund – The general fund is the general operating fund of the Sheriff. It is used to account for all financial resources, except those required to be accounted for in other funds.

Special Revenue Funds – Special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes.

Fiduciary Fund Types

Agency Funds – The agency funds are used to account for assets held by the Sheriff as an agent for individuals, private organizations, and other governments. Agency funds are custodial in nature and do not involve measurement of changes in financial position.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements and relates to the timing of the measurements made, regardless of the measurement focus applied.

The accompanying financial statements have been prepared using the modified accrual basis of accounting for governmental funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available to finance expenditures of the current period. Expenditures are recorded when the liability is incurred, if measurable, except for principal and interest on long-term obligations which is recorded when due.

The Sheriff considers receivables collected within 60 days after year end to be available and susceptible to accrual as revenues in the current year. Charges for services and interest are susceptible to accrual.

FRANKLIN COUNTY, FLORIDA - SHERIFF
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Measurement Focus

The accounting and financial reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. This means that generally, only current assets and current liabilities are included in the balance sheet. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they present a summary of sources and uses of “available spendable resources” during a period.

E. Budgets and Budgetary Accounting

Florida Statutes Chapter 30.49 governs the preparation, adoption, and administration of the Sheriff’s annual budget. Expenditures, other than those for certain agency funds, are controlled by appropriations in accordance with the budget requirements set forth in Florida Statutes. Budgets are adopted for governmental and special revenue funds. Budgetary control is exercised at the fund level. Budgetary changes within the fund are made at the discretion of the Sheriff. Appropriations lapse at the end of the fiscal year to the extent they have not been expended.

The annual budgetary data reported for governmental fund types are adopted on a basis consistent with accounting principles generally accepted in the United States of America and represent the Sheriff’s adopted budget, the original appropriation ordinance, and budget amendments approved by the Sheriff or as adopted by the Board. Budgets are not adopted for the Sheriff’s special revenue funds.

F. Net Position and Fund Equity

GASB Statement 54 – *Fund Balance Reporting and Governmental Funds Type Definitions* was implemented as of October 1, 2009. This Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Categories for fund balance are as follows: nonspendable, restricted, committed, assigned, and unassigned. For more information, see the County-wide note on fund balance.

**FRANKLIN COUNTY, FLORIDA - SHERIFF
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

G. Restricted Assets

Certain assets of the various funds are required by resolutions or ordinances to be set aside and used for specific purposes; thus, they are not available to be used for general operations. When both restricted and unrestricted resources are available for use, it is the government's policy to use externally restricted resources first, then unrestricted resources – committed, assigned, and unassigned – in order as needed.

H. Compensated Absences

Permanent full-time employees of the Sheriff are entitled to accrue unlimited hours of sick leave and 240 hours of vacation time/compensatory time. Upon termination, employees can be paid up to 240 hours of vacation time/compensatory leave. The Sheriff's accumulated compensated absences are reported in the statement of net assets in the Board's financial statements.

I. Cash and Cash Equivalents

The Sheriff considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

J. Capital Assets

Capital assets include property, plant, and equipment with an individual cost of \$1,000 or more and an estimated useful life in excess of one year. Donated fixed assets are recorded at estimated fair market value on the date received.

K. Subsequent Events

The County evaluated subsequent events through June 28, 2023, the date which the financial statements were available to be issued. The County did not have any subsequent events requiring disclosure or recording in these financial statements.

FRANKLIN COUNTY, FLORIDA - SHERIFF
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 2 - CASH AND INVESTMENTS

All Sheriff depositories are banks designated by the State Treasurer as qualified public depositories. Chapter 280, Florida Statutes "Florida Security for Public Deposits Act" provides procedures for public depositories to insure monies in banks and savings and loans are collateralized with the Treasurer as an agent for the public entities. All Sheriff's cash consists of checking accounts and interest-bearing time deposits in a local bank.

The Sheriff held no investments at September 30, 2022.

Interest Rate Risk

At September 30, 2022 the Sheriff did not hold any investments that were considered to be an interest rate risk.

Credit Risk

At September 30, 2022 the Sheriff did not hold any investments that were considered to be a credit risk.

Custodial Risk

At September 30, 2022 the Sheriff did not hold any deposits or investment that was considered to be a custodial risk.

Concentration of Credit Risk

At September 30, 2022, the Sheriff did not hold any investments that were considered to be a concentration of credit risk.

NOTE 3 – CAPITAL ASSETS

Changes in the capital assets accounted for and maintained by the Sheriff for the year ended September 30, 2022 are summarized as follows:

	<u>Balance</u>			<u>Balance</u>
	<u>9/30/2021</u>	<u>Increases</u>	<u>Decreases</u>	<u>9/30/2022</u>

**FRANKLIN COUNTY, FLORIDA - SHERIFF
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 4 – EMPLOYEE BENEFITS

RETIREMENT PLAN

The Florida Retirement System (FRS) was created by Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Sheriff are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Park IV, Florida Statutes, Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two costs-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statement, required supplementary information, actuarial report, and other relevant information is available from the Florida Department of Management Services' Website (www.dms.myflorida.com)

Plan Description

The Florida Retirement System Pension Plan (FRS Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- Regular Class – Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Class – Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) – Members in senior management level positions.
- Special Risk Class – Members who are special risk employees, such as law enforcement officers, meet the criteria to qualify for this class.

FRANKLIN COUNTY, FLORIDA - SHERIFF
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 4 – EMPLOYEE BENEFITS (continued)

Employees enrolled in the FRS Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the FRS Plan may include up to 4 years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided

Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

FRANKLIN COUNTY, FLORIDA - SHERIFF
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 4 – EMPLOYEE BENEFITS (continued)

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. FRS Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Detailed information about the County's proportionate share of FRS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided

For the fiscal year ended June 30, 2022, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Detailed information about the County's proportionate share of HIS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

FRANKLIN COUNTY, FLORIDA - SHERIFF
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 4 – EMPLOYEE BENEFITS (continued)

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Sheriff employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officer, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members.

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2022, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Sheriff.

FRANKLIN COUNTY, FLORIDA - SHERIFF
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 4 – EMPLOYEE BENEFITS (continued)

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these operations. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

Participating employer contributions are based upon statewide rates established by the State of Florida. The Sheriff's contributions made to the plans during the years ended September 30, 2022, 2021, and 2020 were \$863,360, \$659,292, and \$640,473 respectively, equal to the actuarially determined contribution requirements for each year. Additional information about pension plans can be found in the County's annual financial statements.

NOTE 5 – CHANGES IN LONG-TERM OBLIGATIONS

	<u>Balance</u> <u>09/30/21</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance</u> <u>09/30/22</u>
Accumulated compensated absences	<u>\$ 323,031</u>	<u>\$ 218,242</u>	<u>\$ (166,800)</u>	<u>\$ 374,474</u>

Accrued compensated absences represent the vested portion of accrued vacation, sick leave, and compensatory time. See note 1 for a summary of the Sheriff's policy regarding compensated absences.

NOTE 6 – OTHER DISCLOSURES

Budget amounts are adopted only for the operating fund and not for special revenue funds. Since no budget is adopted, a budget to actual comparison has not been prepared for the major special revenue fund. The special revenue fund accounts for commissions from operation of an inmate commissary.

FRANKLIN COUNTY, FLORIDA - SHERIFF
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 7 – RISK MANAGEMENT

The Sheriff participates in the Florida Sheriff Self-Insurance Fund, which is considered a public entity risk pool which purchases insurance policies on behalf of its members. The pool's members are not obligated for risk associated with such coverage. Coverage under these programs include; general liability, public employees blanket bond, automobiles and money and securities coverage.

- General liability
- Public employees blanket bond
- Money and securities coverage

The Sheriff provides for workers' compensation coverage under a retrospectively rated commercial insurance policy through the Board. Premiums are accrued based on the ultimate cost to – date of the Sheriff's experience for this type of risk.

In addition, the Sheriff participates in the Florida Self-Insurance Fund for risks related to professional liability and public officials' coverage. The funding agreement provides that the liability fund will be self-sustaining through member premiums and that it will reinsure through commercial companies. Aggregate coverage provided by the liability fund is \$3,300,000 for professional liability and \$3,200,000 for public officials' coverage.

(2) Budgetary Information:

An annual budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America for the general fund. All annual appropriations lapse at fiscal year-end. A formal budget is not adopted for the federal forfeiture, inmate welfare, or donations funds, and therefore budgetary comparison schedules are not presented for these funds.

The Sheriff follows these procedures in establishing the budgetary data reflected in the financial statements:

- i) The preparation, adoption and amendment of the budgets are governed by Florida Statutes. Public hearings are conducted to obtain taxpayer comments.
- j) Budget excess expenditures over revenues are funded through appropriations from the Board of County Commissioners.
- k) Formal budgetary integration is employed as a management control device during the year. The legal level of budgetary control is the fund level.
- l) The budgets for the funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF SPECIAL-PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable A. J. Smith
Franklin County Sheriff
Franklin County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of each major fund and the aggregate remaining fund information of the Franklin County Sheriff (the Office) as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Office's special-purpose financial statements, and have issued our report thereon dated June 28, 2023, which was modified to refer to a basis of accounting required for compliance with state filing requirements

Internal Control Over Financial Reporting

In planning and performing our audit of the special-purpose financial statements, we considered the Office's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the special-purpose financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal control. Accordingly, we do not express an opinion on the effectiveness of the Office's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Office's special-purpose financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' MANAGEMENT LETTER REQUIRED BY CHAPTER 10.550, RULES OF THE STATE OF FLORIDA, OFFICE OF THE AUDITOR GENERAL

To the Honorable A. J. Smith
Franklin County Sheriff
Franklin County, Florida

We have audited the financial statements of the Franklin County Sheriff (the Office), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated June 28, 2023.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Special-Purpose Financial Statements Performed in Accordance with Government Auditing Standards, and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 28, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address all findings and recommendations made in the preceding financial audit report, if applicable.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Office is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of state law. Franklin County, including the Office of the Sheriff, was established by Chapter 8516, Laws of Florida in 1921. There are no component units of the Office to be disclosed as required by accounting principles generally accepted in the United States of America.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Office, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' EXAMINATION REPORT

To the Honorable A. J. Smith
Franklin County Sheriff
Franklin County, Florida

We have examined the Franklin County Sheriff's (the Office) compliance with Section 218.415, Florida Statutes, Local Government Investment Policies, for the year ended September 30, 2022. Management is responsible for the Office's compliance with those requirements. Our responsibility is to express an opinion on the Office's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Office complied with Section 218.415, Florida Statutes, Local Government Investment Policies, for the year ended September 30, 2022, in all material respects. An examination involves performing procedures to obtain evidence about the Office's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of risks of material noncompliance with those requirements, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the Sheriff's compliance with specified requirements.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Sheriff, its management, and the Board of County Commissioners of Franklin County, Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

In our opinion, the Office complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

INDEPENDENT AUDITORS' REPORT

To the Honorable Rick Watson
Franklin County Tax Collector
Franklin County, Florida

Opinions

We have audited the financial statements of the general fund of the Franklin County, Florida Tax Collector, (the Tax Collector), as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Tax Collectors' financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the general fund for the Tax Collector as of September 30, 2022, and the respective changes in financial position thereof and the respective budgetary comparison for the general fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Tax Collector and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida (the Rules). In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the general fund, only for that portion of the general fund, of Franklin County that is attributable to the Tax Collector. They do not purport to, and do not, present fairly the financial position of Franklin County as of September 30, 2022, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions of events, considered in the aggregate, that raise substantial doubt about the Tax Collectors' ability to continue as a going concern for twelve months beyond the financial statement date, including any known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the judgment made by a reasonable user made on the basis of these financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to these risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Tax Collectors' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tax Collectors' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report June 28, 2023 on our consideration of the Tax Collectors' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Tax Collectors' internal control over financial reporting and compliance.

FRANKLIN COUNTY, FLORIDA - TAX COLLECTOR
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Tax Collector of Franklin County, Florida is an elected Constitutional Officer of Franklin County pursuant to Article VIII, Section (1) of the *Constitution of the State of Florida*. For financial statement and reporting purposes, the Tax Collector is a separate constitutional officer as provided for by Chapter 218, Florida Statutes. The Tax Collector is considered to be a part of the primary government of Franklin County, Florida and the financial information is included in Franklin County's county-wide financial statements.

These special-purpose financial statements include only the balance and activity of the Tax Collector's office. They have been prepared for the purpose of complying with Section 10.557, *Rules of the Auditor General for Local Government Entity audits*, and are not intended to be a complete presentation of the financial position of the County, or the changes in financial position or where applicable, cash flows, thereof, in conformity with accounting principles generally accepted in the United States of America.

The operations of the Tax Collector are funded by the Franklin County Board of County Commissioners (Board). The receipts from the Board are recorded as other financing sources on the Tax Collector's financial statements and as other financing uses on the Board's financial statements. Any excess of revenue and other financial sources received over expenditures are remitted to the Board at year end. These excess fees are reported as a liability and as transfers out to the Board or deducted from fees earned for amounts distributed to other governments.

The accounting policies of the Tax Collector conform to accounting principles generally accepted in the United States of America, as applicable to governments.

B. Basis of Presentation – Fund Accounting

Accounts are organized on the basis of fund types, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures as appropriate. Government resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled. The Tax Collector utilizes the following fund types:

FRANKLIN COUNTY, FLORIDA - TAX COLLECTOR
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Governmental Fund Types

General Fund – The general fund is the general operating fund of the Tax Collector. It is used to account for all financial resources, except for those required to be accounted for in other funds.

Fiduciary Fund Type

Agency Funds – The agency funds are used to account for assets held by the Tax Collector as an agent for individuals, private organizations, and other governments. Agency funds are custodial in nature and do not involve measurement of changes in financial position.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements and relates to the timing of the measurements made, regardless of the measurement focus applied.

The accompanying financial statements have been prepared using the modified accrual basis of accounting for governmental funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available to finance expenditures of the current period. Expenditures are recorded when the liability is incurred, if measurable, except for principal and interest on long-term obligations which is recorded when due.

The Tax Collector considers receivable collected within 60 days after year end to be available and susceptible to accrual as revenues of the current year. Charges for services and interest earned are susceptible to accrual.

D. Measurement Focus

The accounting and financial reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. This means that generally, only current assets and current liabilities are included in the balance sheet. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they present a summary of sources and uses of “available spendable resources” during a period.

FRANKLIN COUNTY, FLORIDA - TAX COLLECTOR
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Budgetary Requirements

Florida Statutes, Chapter 195.087 govern the preparation, adoption and administration of the annual budget of the Tax Collector. The budget and subsequent budget amendments of the Tax Collector are submitted to the Florida Department of Revenue (FDOR) for approval. A copy of the budget is also provided to the Board.

Line item expenditures in excess of budget are authorized to the extent that total expenditures do not exceed the total budgeted expenditures. Budget transfers between appropriation categories (personal services, operating expenditures, capital outlay, and debt service) must be approved by FDOR. Transfers between expenditure items within the same appropriation category do not need approval by FDOR. The budget is prepared on the modified accrual basis of accounting. General fund appropriations lapse at the end of the fiscal year to the extent they have not been expended.

F. Capital Assets

Tangible personal property is recorded as expenditures in the general fund at the time an asset is acquired. Title to these assets vests with the Franklin County Board of County Commissioners, and therefore, the Franklin County Board of County Commissioners records the capitalization of the asset, and any related depreciation. The Tax Collector maintains custodial responsibility for the capital assets used by his office.

G. Compensated Absences

Permanent full-time employees of the Tax Collector accrue sick leave hours based on length of employment, which must be utilized in the year earned. Any sick and annual leave accumulated and unused at September 30, is forfeited.

H. Net Assets and Fund Equity

GASB Statement 54 – *Fund Balance Reporting and Governmental Funds Type Definitions* was implemented as of October 1, 2009. This Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Categories for fund balance are as follows: nonspendable, restricted, committed, assigned, and unassigned. For more information, see the County-wide note on fund balance.

**FRANKLIN COUNTY, FLORIDA - TAX COLLECTOR
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

I. Restricted Assets

Certain assets of the various funds are required by resolutions or ordinances to be set aside and used for specific purposes; thus, they are not available to be used for general operations. When both restricted and unrestricted resources are available for use, it is the government's policy to use externally restricted first, then unrestricted resources – committed, assigned, and unassigned – in order as needed.

J. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make use of estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amount of revenues and expenditures during the reporting period. Actual results could differ from estimates.

Property Tax Collections

Chapter 197, Florida Statutes, governs property tax collections.

■ **Current Taxes**

All property taxes become due and payable on November 1, and are delinquent on April 1 of the following year. Discounts of 4%, 3%, 2% and 1% are allowed for early payment in November through February, respectively.

■ **Unpaid Taxes – Sale of Tax Certificates**

The Tax Collector advertises, as required by Florida Statutes, then sells tax certificates on all real property for unpaid taxes. Certificates not purchased are issued to the County. Any person owning real property upon which a tax certificate has been sold may reacquire the real property by paying the Tax Collector the face amount of the tax certificate plus interest and other costs.

**FRANKLIN COUNTY, FLORIDA - TAX COLLECTOR
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

■ **Tax Deeds**

The owner of a tax certificate may, after two years when the taxes have been delinquent (after April 1), file an application for tax deed sale. The County, as certificate owner, may exercise similar procedures two years after taxes have been delinquent (after April 1). Tax deeds are issued to the highest bidder for the property, which is sold at public auction. The Tax Collector of the Court administers these sales.

K. Subsequent Events

The County evaluated subsequent events through June 28, 2023, the date which the financial statements were available to be issued. The County did not have any subsequent events requiring disclosure or recording in these financial statements.

NOTE 2 - CASH AND INVESTMENTS

All Tax Collector depositories are banks designated by the State Treasurer as qualified public depositories. Chapter 280, Florida Statutes “Florida Security for Public Deposits Act” provides procedures for public depositories to insure monies in banks and savings and loans are collateralized with the Treasurer as an agent for the public entities. All Tax Collector cash consists of checking accounts and interest-bearing time deposits in a local bank.

Investments

The Tax Collector held no investments at September 30, 2022.

Interest Rate Risk

At September 30, 2022, the Tax Collector did not hold any investments that were considered to be an interest rate risk.

Credit Risk

At September 30, 2022 the Tax Collector did not hold any investments that were considered to be a credit risk.

**FRANKLIN COUNTY, FLORIDA - TAX COLLECTOR
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 2 - CASH AND INVESTMENTS (continued)

Custodial Risk

At September 30, 2022 the Tax Collector did not hold any deposits or investments that were considered to be a custodial risk.

Concentration of Credit Risk

At September 30, 2022 the Tax Collector did not hold any deposits or investments that were considered to be a credit risk.

NOTE 3 – EMPLOYEE BENEFITS

RETIREMENT PLAN

The Florida Retirement System (FRS) was created by Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple- employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Tax Collector are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes, Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two costs-sharing, multiple-employer defined benefit plans and other nonintegrated programs.

**FRANKLIN COUNTY, FLORIDA - TAX COLLECTOR
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 3 – EMPLOYEE BENEFITS (continued)

A comprehensive annual financial report of the FRS, which includes its financial statement, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com)

Plan Description

The Florida Retirement System Pension Plan (FRS Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- Regular Class – Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Class – Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) – Members in senior management level positions.
- Special Risk Class – Members who are special risk employees, such as law enforcement officers, meet the criteria to qualify for this class.

Employees enrolled in the FRS Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the FRS Plan may include up to 4 years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

**FRANKLIN COUNTY, FLORIDA - TAX COLLECTOR
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 3 – EMPLOYEE BENEFITS (continued)

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided

Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. FRS Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Detailed information about the County's proportionate share of FRS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

**FRANKLIN COUNTY, FLORIDA - TAX COLLECTOR
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 3 – EMPLOYEE BENEFITS (continued)

Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided

For the fiscal year ended June 30, 2022, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Detailed information about the County's proportionate share of HIS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Tax Collector employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officer, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices.

FRANKLIN COUNTY, FLORIDA - TAX COLLECTOR
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 3 – EMPLOYEE BENEFITS (continued)

Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members.

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Tax Collector.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these operations. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

Participating employer contributions are based upon statewide rates established by the State of Florida. The Tax Collector's contributions made to the plans during the years ended September 30, 2022, 2021, and 2020 were \$92,799, \$82,007, and \$73,749 respectively, equal to the actuarially determined contribution requirements for each year. Additional information about pension plans can be found in the County's annual financial statements.

SEPTEMBER 30, 2022

NOTE 4 – RISK MANAGEMENT

The Tax Collector is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors or omissions; injuries to employees and the public; or damage to property of others. The Tax Collector participates in the risk management program through the Franklin County Board of County Commissioners, which uses commercial insurance to cover certain risks from loss.

The Board obtained commercial insurance against losses for the following types of risk:

- Real and personal property damage
- Public employee's bond
- Workers' compensation
- General and automobile liability

YEAR ENDED SEPTEMBER 30, 2022

(3) Budgetary Information:

An annual budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America for the general fund. All annual appropriations lapse at fiscal year-end.

The Tax Collector follows these procedures in establishing the budgetary data reflected in the financial statements:

- m) The preparation, adoption and amendment of the budgets are governed by Florida Statutes. Public hearings are conducted to obtain taxpayer comments.
- n) Budget excess expenditures over revenues are funded through appropriations from the Board of County Commissioners.
- o) Formal budgetary integration is employed as a management control device during the year. The legal level of budgetary control is the fund level.
- p) The budgets for the funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF SPECIAL-PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Rick Watson
Franklin County Tax Collector
Franklin County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the general fund of the Franklin County Tax Collector (the Office) as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Office's special-purpose financial statements, and have issued our report thereon dated June 28, 2023, which was modified to refer to a basis of accounting required for compliance with state filing requirements, and for other reasons.

Internal Control Over Financial Reporting

In planning and performing our audit of the special-purpose financial statements, we considered the Office's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the special-purpose financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal control. Accordingly, we do not express an opinion on the effectiveness of the Office's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Office's special-purpose financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' EXAMINATION REPORT

To the Honorable Rick Watson
Franklin County Tax Collector
Franklin County, Florida

We have examined the Franklin County Tax Collector's (the Office) compliance with Section 218.415, Florida Statutes, Local Government Investment Policies, for the year ended September 30, 2022. Management is responsible for the Office's compliance with those requirements. Our responsibility is to express an opinion on the Office's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Office complied with Section 218.415, Florida Statutes, Local Government Investment Policies, for the year ended September 30, 2022, in all material respects. An examination involves performing procedures to obtain evidence about the Office's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of risks of material noncompliance with those requirements, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the Tax Collector's compliance with specified requirements.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Tax Collectors, its management, and the Board of County Commissioners of Franklin County, Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

In our opinion, the Franklin County Tax Collector complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

INDEPENDENT AUDITORS' MANAGEMENT LETTER REQUIRED BY CHAPTER 10.550, RULES OF THE STATE OF FLORIDA, OFFICE OF THE AUDITOR GENERAL

To the Honorable Rick Watson
Franklin County Tax Collector
Franklin County, Florida

We have audited the financial statements of the Franklin County Tax Collector (the Office), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated June 28, 2023.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Special-Purpose Financial Statements Performed in Accordance with *Government Auditing Standards*, and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 28, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address all findings and recommendations made in the preceding financial audit report, if applicable.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Franklin County Tax Collector is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of state law. Franklin County, including the Office of the Tax Collector, was established by Chapter 8516, Laws of Florida in 1921. There are no component units of the Franklin County Tax Collector to be disclosed as required by accounting principles generally accepted in the United States of America.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Franklin County Tax Collector, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in cursive script that reads "Vance CPA LLC".

INDEPENDENT AUDITORS' REPORT

To the Honorable Rhonda Skipper
Franklin County Property Appraiser
Franklin County, Florida

Opinions

We have audited the financial statements of the general fund of the Franklin County, Florida Property Appraiser, (the Property Appraiser), as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Property Appraisers' financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the general fund for the Property Appraiser as of September 30, 2022, and the respective changes in financial position thereof and the respective budgetary comparison for the general fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Property Appraiser and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida (the Rules). In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the general fund, only for that portion of the general fund, of Franklin County that is attributable to the Property Appraiser. They do not purport to, and do not, present fairly the financial position of Franklin County as of September 30, 2022, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions of events, considered in the aggregate, that raise substantial doubt about the Property Appraiser s' ability to continue as a going concern for twelve months beyond the financial statement date, including any known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the judgment made by a reasonable user made on the basis of these financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to these risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Property Appraisers' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Property Appraisers' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report June 28, 2023 on our consideration of the Property Appraisers' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Property Appraisers' internal control over financial reporting and compliance.

**FRANKLIN COUNTY, FLORIDA - PROPERTY APPRAISER
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Property Appraiser of Franklin County, Florida is an elected Constitutional Officer of Franklin County pursuant to Article VIII, Section (1) of the *Constitution of the State of Florida*. For financial statement and reporting purposes, the Property Appraiser is a separate constitutional officer as provided for by Chapter 218, Florida Statutes. The Property Appraiser is considered to be a part of the primary government of Franklin County, Florida and the financial information is included in Franklin County's county-wide financial statements.

These special-purpose financial statements include only the balances and activity of the Property Appraiser's office. They have been prepared for the purpose of complying with Section 10.557, *Rules of the Auditor General for Local Government Entity audits*, and are not intended to be a complete presentation of the financial position of the County, or the changes in financial position or where applicable, cash flows, thereof, in conformity with accounting principles generally accepted in the United States of America.

The operations of the Property Appraiser are funded by the Franklin County Board of County Commissioners (Board). The receipts from the Board are recorded as other financing sources on the Property Appraiser's financial statements and as other financing uses on the Board's financial statements. Any excess of revenues and other financial sources received over expenditures are remitted to the Board at year end.

The accounting policies of the Property Appraiser conform to accounting principles generally accepted in the United States of America, as applicable to governments.

B. Basis of Presentation – Fund Accounting

Accounts are organized on the basis of fund types, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures as appropriate. Government resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled. The Property Appraiser utilizes the following fund types:

**FRANKLIN COUNTY, FLORIDA - PROPERTY APPRAISER
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Governmental Fund Types

General Fund – The general fund is the general operating fund of the Property Appraiser. It is used to account for all financial resources, except for those required to be accounted for in other funds.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements and relates to the timing of the measurements made, regardless of the measurement focus applied.

The Modified accrual basis of accounting is followed by the general fund. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available to finance expenditures of the current period. Expenditures are recorded when the liability is incurred, except for accumulated sick and vacation pay, which are not recorded until paid. charges for services and investment revenue are recorded as earned.

The Property Appraiser considers receivable collected within 60 days after year end to be available and susceptible to accrual as revenues of the current year. Charges for services and interest earned are susceptible to accrual.

D. Measurement Focus

The accounting and financial reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. This means that generally, only current assets and current liabilities are included in the balance sheet. General fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net fund balance. Accordingly, they present a summary of sources and uses of “available spendable resources” during a period.

E. Budgetary Requirements

Florida Statutes, Chapter 195.087 govern the preparation, adoption and administration of the annual budget of the Property Appraiser. The budget and subsequent budget amendments of the Property Appraiser are submitted to the Florida Department of Revenue (FDOR) for approval. A copy of the budget is also provided to the Board.

**FRANKLIN COUNTY, FLORIDA - PROPERTY APPRAISER
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Line item expenditures in excess of budget are authorized to the extent that total expenditures do not exceed the total budgeted expenditures. Budget transfers between appropriation categories (personal services, operating expenditures, capital outlay, and debt service) must be approved by FDOR. Transfers between expenditure items within the same appropriation category do not need approval by FDOR. The budget is prepared on the modified accrual basis of accounting. General fund appropriations lapse at the end of the fiscal year to the extent they have not been expended.

F. Capital Assets

Tangible personal property is recorded as expenditures in the general fund at the time an asset is acquired. Assets acquired by the Property Appraiser are capitalized at cost in the capital asset accounts of the County. The Property Appraiser maintains custodial responsibility for the capital assets used by her office.

G. Compensated Absences

Permanent full-time employees of the Property Appraiser accrue annual leave at the rate of 15 days per year and the leave must be used in the year it's accrued. Annual leave is not permitted to accrue year to year. Upon termination or retirement, employees are entitled to any unused annual leave remaining in a calendar year. Employees are entitled to accrue up to 30 days of sick leave and upon termination or retirement, no compensation is made for sick leave accrual.

H. Net Assets and Fund Equity

GASB Statement 54 – *Fund Balance Reporting and Governmental Funds Type Definitions* was implemented as of October 1, 2009. This Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Categories for fund balance are as follows: nonspendable, restricted, committed, assigned, and unassigned. For more information, see the County-wide note on fund balance.

I. Restricted Assets

Certain assets of the various funds are required by resolutions or ordinances to be set aside and used for specific purposes; thus, they are not available to be used for general operations. When both restricted and unrestricted resources are available for use, it is the government's policy to use externally restricted resources first, then unrestricted resources, - committed, assigned, and unassigned – in order as needed.

**FRANKLIN COUNTY, FLORIDA - PROPERTY APPRAISER
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

J. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make use of estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amount of revenues and expenditures during the reporting period. Actual results could differ from estimates.

K. Subsequent Events

The County evaluated subsequent events through June 28, 2023, the date which the financial statements were available to be issued. The County did not have any subsequent events requiring disclosure or recording in these financial statements.

NOTE 2 - CASH AND INVESTMENTS

All Property Appraiser depositories are banks designated by the State Treasurer as qualified public depositories. Chapter 280, Florida Statutes “Florida Security for Public Deposits Act” provides procedures for public depositories to insure monies in banks and savings and loans are collateralized with the Treasurer as an agent for the public entities. All Property Appraiser cash consists of checking accounts and interest-bearing time deposits in a local bank.

Investments

The Property Appraiser held no investments at September 30, 2022.

Interest Rate Risk

At September 30, 2022, the Property Appraiser did not hold any investments that were considered to be an interest rate risk.

Credit Risk

At September 30, 2022 the Property Appraiser did not hold any investments that were considered to be a credit risk.

Custodial Risk

At September 30, 2022 the Property Appraiser did not hold any deposits or investments that were considered to be a custodial risk.

**FRANKLIN COUNTY, FLORIDA - PROPERTY APPRAISER
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 2 - CASH AND INVESTMENTS (continued)

Concentration of Credit Risk

At September 30, 2022 the Property Appraiser did not hold any deposits or investments that were considered to be a credit risk.

NOTE 3 – EMPLOYEE BENEFITS

RETIREMENT PLAN

The Florida Retirement System (FRS) was created by Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Property Appraiser are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes, Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two costs-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statement, required supplementary information, actuarial report, and other relevant information is available from the Florida Department of Management Services' Website (www.dms.myflorida.com)

Plan Description

The Florida Retirement System Pension Plan (FRS Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

**FRANKLIN COUNTY, FLORIDA - PROPERTY APPRAISER
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 3 – EMPLOYEE BENEFITS (continued)

- Regular Class – Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Class – Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) – Members in senior management level positions.
- Special Risk Class – Members who are special risk employees, such as law enforcement officers, meet the criteria to qualify for this class.

Employees enrolled in the FRS Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the FRS Plan may include up to 4 years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

**FRANKLIN COUNTY, FLORIDA - PROPERTY APPRAISER
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 3 – EMPLOYEE BENEFITS (continued)

Benefits Provided

Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. FRS Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Detailed information about the County's proportionate share of FRS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

**FRANKLIN COUNTY, FLORIDA - PROPERTY APPRAISER
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 3 – EMPLOYEE BENEFITS (continued)

Benefits Provided

For the fiscal year ended June 30, 2022, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Detailed information about the County's proportionate share of HIS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Property Appraiser employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officer, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members.

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS

**FRANKLIN COUNTY, FLORIDA - PROPERTY APPRAISER
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 3 – EMPLOYEE BENEFITS (continued)

Pension Plan is transferred to the Investment Plan, the member must have the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Property Appraiser.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these operations. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

Participating employer contributions are based upon statewide rates established by the State of Florida. The Property Appraiser's contributions made to the plans during the years ended September 30, 2022, 2021, and 2020 were \$ 68,685, \$62,844, and \$67,818, respectively, equal to the actuarially determined contribution requirements for each year. Additional information about pension plans can be found in the County's annual financial statements.

NOTE 4 – RISK MANAGEMENT

The Property Appraiser is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors or omissions; injuries to employees and the public; or damage to property of others. The Property Appraiser participates in the risk management program through the Franklin County Board of County Commissioners, which uses commercial insurance to cover certain risks from loss.

**FRANKLIN COUNTY, FLORIDA - PROPERTY APPRAISER
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 4 –RISK MANAGEMENT (continued)

The Board obtained commercial insurance against losses for the following types of risk:

- Real and personal property damage
- Public employee's bond
- Workers' compensation
- General and automobile liability

(4) Budgetary Information:

An annual budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America for the general fund. All annual appropriations lapse at fiscal year-end.

The Property Appraiser follows these procedures in establishing the budgetary data reflected in the financial statements

- q) The preparation, adoption and amendment of the budgets are governed by Florida Statutes. Public hearings are conducted to obtain taxpayer comments.
- r) Budget excess expenditures over revenues are funded through appropriations from the Board of County Commissioners.
- s) Formal budgetary integration is employed as a management control device during the year. The legal level of budgetary control is the fund level.
- t) The budgets for the funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF SPECIAL-PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Rhonda Skipper
Franklin County Property Appraiser
Franklin County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the general fund of the Franklin County Property Appraiser (the Office) as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Office's special-purpose financial statements, and have issued our report thereon dated June 28, 2023, which was modified to refer to a basis of accounting required for compliance with state filing requirements, and for other reasons.

Internal Control Over Financial Reporting

In planning and performing our audit of the special-purpose financial statements, we considered the Office's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the special-purpose financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal control. Accordingly, we do not express an opinion on the effectiveness of the Office's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and other matters

As part of obtaining reasonable assurance about whether the Office's special-purpose financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' MANAGEMENT LETTER REQUIRED BY CHAPTER 10.550, RULES OF THE STATE OF FLORIDA, OFFICE OF THE AUDITOR GENERAL

To the Honorable Rhonda Skipper
Franklin County Property Appraiser
Franklin County, Florida

Report on the Financial Statements

We have audited the financial statements of the Franklin County Property Appraiser (the Office), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated June 28, 2023.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Special-Purpose Financial Statements Performed in Accordance with *Government Auditing Standards*, and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 28, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address all findings and recommendations made in the preceding financial audit report, if applicable.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Franklin County Property Appraiser is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of state law. There are no component units of the Franklin County Property Appraiser to be disclosed as required by accounting principles generally accepted in the United States of America.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Franklin County Property Appraiser, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' EXAMINATION REPORT

To the Honorable Rhonda Skipper
Franklin County Property Appraiser
Franklin County, Florida

We have examined the Franklin County Property Appraiser's (the Office) compliance with Section 218.415, Florida Statutes, *Local Government Investment Policies*, for the year ended September 30, 2022.

Management is responsible for the Office's compliance with those requirements. Our responsibility is to express an opinion on the Office's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Office complied with Section 218.415, Florida Statutes, *Local Government Investment Policies*, for the year ended September 30, 2022, in all material respects. An examination involves performing procedures to obtain evidence about the Office's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of risks of material noncompliance with those requirements, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, the Franklin County Property Appraiser complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the Property Appraiser's compliance with specified requirements.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Property Appraiser, its management, and the Board of County Commissioners of Franklin County, Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To the Honorable Heather Riley
Franklin County Supervisor of Elections
Franklin County, Florida

Opinions

We have audited the financial statements of the general fund of the Franklin County, Florida Supervisor of Elections, (the Supervisor of Elections), as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Clerk of the Circuit Courts' financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the general fund for the Supervisor of Elections as of September 30, 2022, and the respective changes in financial position thereof and the respective budgetary comparison for the general fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Supervisor of Elections and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida (the Rules). In conformity with the Rules, the accompanying financial statements are intended to present the financial position and changes in financial position of the general fund, only for that portion of the general fund, of Franklin County that is attributable to the Supervisor of Elections. They do not purport to, and do not, present fairly the financial position of Franklin County as of September 30, 2022, and the changes in its financial position for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions of events, considered in the aggregate, that raise substantial doubt about the Supervisor of Elections' ability to continue as a going concern for twelve months beyond the financial statement date, including any known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the judgment made by a reasonable user made on the basis of these financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to these risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Supervisor of Elections' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Supervisor of Elections' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report June 28, 2023 on our consideration of the Supervisor of Elections' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Supervisor of Elections' internal control over financial reporting and compliance.

FRANKLIN COUNTY, FLORIDA - SUPERVISOR OF ELECTIONS
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Supervisor of Elections of Franklin County, Florida is an elected Constitutional Officer of Franklin County pursuant to Article VIII, Section (1) of the *Constitution of the State of Florida*. For financial statement and reporting purposes, the Supervisor of Elections is a separate constitutional officer as provided for by Chapter 218, Florida Statutes. The Supervisor of Elections is considered to be a part of the primary government of Franklin County, Florida and her financial information is included in Franklin County's county-wide financial statements.

These special-purpose financial statements include only the balances and operations of the Supervisor of Elections office. They have been prepared for the purpose of complying with Section 10.557, *Rules of the Auditor General for Local Government Entity Audits*, and are not intended to be a complete presentation of the financial position of the County, or the changes in financial position or where applicable, cash flows, thereof, in conformity with accounting principles generally accepted in the United States of America.

The operations of the Supervisor of Elections are funded by the Board. The receipts from the Board are recorded as other financing sources on the Supervisor of Elections' financial statements and as other financing uses on the Board's financial statements. Any excess of revenues and other financing sources received over expenditures are remitted to the Board at year end.

The accounting policies of the Supervisor of Elections conform to accounting principles generally accepted in the United States of America as applicable to governments.

B. Basis of Presentation

Accounts are organized on the basis of fund types, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures as appropriate. Government resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled. The Supervisor of Elections utilizes the following fund type:

FRANKLIN COUNTY, FLORIDA - SUPERVISOR OF ELECTIONS
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Governmental Fund Type

General Fund – The general fund is the general operating fund of the Supervisor of Elections. It is used to account for all financial resources, except those required to be accounted for in other funds.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements and relates to the timing of the measurements made, regardless of the measurement focus applied.

The accompanying financial statements have been prepared using the modified accrual basis of accounting for governmental funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available to finance expenditures of the current period. Expenditures are recorded when the liability is incurred, if measurable, except for principal and interest on long-term obligations which is recorded when due.

The Supervisor of Elections considers receivables collected within 60 days after year end to be available and susceptible to accrual as revenues of the current year. Charges for services and interest earned are susceptible to accrual.

D. Measurement Focus

The accounting and financial reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. The general fund is accounted for on a spending or “financial flow” measurement focus. This means that generally, only current assets and current liabilities are included in the balance sheet. General fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly they present a summary of sources and uses of “available spendable resources” during a period.

FRANKLIN COUNTY, FLORIDA - SUPERVISOR OF ELECTIONS
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Budgetary Requirements

General governmental revenue and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with the Florida Statutes. An annual budget is prepared by the Supervisor of Elections and adopted by the Board for the general fund. Florida Statutes Chapter 129.201 governs the preparation, adoption, and administration of the Supervisor of election's annual budget.

The Supervisor of Elections' annual budget is monitored at varying levels of classification detail. However, for purposes of budgetary control, expenditures cannot legally exceed the total annual budget appropriations at the individual fund level. All appropriations lapse at year-end.

Budget to actual comparisons are provided in the financial statements for the general fund. All budget amounts presented in the accompanying financial statements have been adjusted for legally authorized amendments of the annual budget for the year. Budgets are prepared on the modified accrual basis of accounting.

F. Cash and Cash Equivalents

The Supervisor of Elections considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

G. Capital Assets

Tangible personal property is recorded as expenditures in the general fund at the time an asset is acquired. Title to these assets vests with the Board of County Commissioners, and the capitalization of the asset and any related depreciation are recorded on the Board's financial statements. The Supervisor of Elections maintains custodial responsibility for the capital assets used by her office.

H. Compensated Absences

Permanent full-time employees of the Supervisor of Elections accrue sick leave and upon termination or retirement are entitled to receive 100% of accrued sick leave pay up to a maximum of 60 days. Employees are entitled to four weeks vacation each year or three weeks vacation

**FRANKLIN COUNTY, FLORIDA - SUPERVISOR OF ELECTIONS
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

with one week extra pay in lieu of the fourth week. Upon termination or retirement, an employee is paid 100% of their annual leave up to a maximum of 100 days.

The Supervisor of Elections' accumulated compensated absences are reported in the statement of net position in the County's financial statements.

I. Net Position and Fund Equity

GASB Statement 54 – *Fund Balance Reporting and Governmental Funds Type Definitions* was implemented as of October 1, 2009. This Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Categories for fund balance are as follows: nonspendable, restricted, committed, assigned, and unassigned. For more information, see the County-wide note on fund balance.

J. Restricted Assets

Certain assets of the various funds are required by resolutions or ordinances to be set aside and used for specific purposes; thus, they are not available to be used for general operations. When both restricted and unrestricted resources are available for use, it is the government's policy to use externally restricted resources first, then unrestricted resources – committed, assigned, and unassigned – in order as needed.

K. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make use of estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amount of revenues and expenditures during the reporting period. Actual results could differ from estimates.

L. Subsequent Events

The County evaluated subsequent events through June 28, 2023, the date which the financial statements were available to be issued. The County did not have any subsequent events requiring disclosure or recording in these financial statements.

**FRANKLIN COUNTY, FLORIDA – SUPERVISOR OF ELECTIONS
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 2 – CASH AND INVESTMENTS

All Supervisor of Elections depositories are banks designated by the State Treasurer as qualified public depositories. Chapter 280, Florida Statutes “Florida Security for Public Deposits Act” provides procedures for public depositories to insure monies in banks and savings and loans are collateralized with the Treasurer as an agent for the public entities. All Supervisor of Elections cash consists of checking accounts and interest-bearing time deposits in a local bank.

The Supervisor of Elections held no investments at September 30, 2022.

Interest Rate Risk

At September 30, 2022, the Supervisor of Elections did not hold any investments that were considered to be an interest rate risk.

Credit Risk

At September 30, 2022, the Supervisor of Elections did not hold any investments that were considered to be a credit risk.

Custodial Risk

At September 30, 2022, the Supervisor of Elections did not hold any deposits or investments that were considered to be a custodial risk.

Concentration of Credit Risk

At September 30, 2022, the Supervisor of Elections did not hold any investments that were considered to be a concentration of credit risk.

NOTE 3 – EMPLOYEE BENEFITS

RETIREMENT PLAN

The Florida Retirement System (FRS) was created by Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established

**FRANKLIN COUNTY, FLORIDA - SUPERVISOR OF ELECTIONS
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2022

NOTE 3 - EMPLOYEE BENEFITS (continued)

the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple- employer defined benefit pension plan, to assist retired members of any State-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Supervisor of Elections are eligible to enroll as members of the State-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes, Chapter 238, Florida statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statement, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Web site (www.dms.myflorida.com)

Plan Description

The Florida Retirement System Pension Plan (FRS Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

- Regular Class – Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Class – Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) – Members in senior management level positions.
- Special Risk Class – Members who are special risk employees, such as law enforcement officers, meet the criteria to qualify for this class.

Employees enrolled in the FRS Plan prior to July 1, 2011, vest at 6 years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011, vest at 8 years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service.

FRANKLIN COUNTY, FLORIDA - SUPERVISOR OF ELECTIONS
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 3 - EMPLOYEE BENEFITS (continued)

All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Employees enrolled in the FRS Plan may include up to 4 years of credit for military service toward creditable service. The FRS Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment with an FRS participating employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided

Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the 5 highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the 8 highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3 percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually

FRANKLIN COUNTY, FLORIDA - SUPERVISOR OF ELECTIONS
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 3 - EMPLOYEE BENEFITS (continued)

calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3 percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3 percent. FRS Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Detailed information about the County's proportionate share of FRS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

Plan Description

The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided

For the fiscal year ended June 30, 2022, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Detailed information about the County's proportionate share of HIS's net pension liability, deferred outflows/inflows of resources, and pension expense are reported in the government-wide statements of the County.

The Florida State Board of Administration (SBA) administers the defined contribution plan officially titled the FRS Investment Plan (Investment Plan). The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

FRANKLIN COUNTY, FLORIDA - SUPERVISOR OF ELECTIONS
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 3 - EMPLOYEE BENEFITS (continued)

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Supervisor of Elections employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officer, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 percent of payroll and by forfeited benefits of plan members.

For all membership classes, employees are immediately vested in their own contributions and are vested after 1 year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Non-vested employer contributions are placed in a suspense account for up to 5 years. If the employee returns to FRS-covered employment within the 5-year period, the employee will regain control over their account. If the employee does not return within the 5-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended June 30, 2019, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Supervisor of Elections.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these operations. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

FRANKLIN COUNTY, FLORIDA - SUPERVISOR OF ELECTIONS
NOTES TO SPECIAL-PURPOSE FINANCIAL STATEMENTS

SEPTEMBER 30, 2022

NOTE 3 - EMPLOYEE BENEFITS (continued)

Participating employer contributions are based upon statewide rates established by the State of Florida. The Supervisor of Election's contributions made to the plans during the years ended September 30, 2022, 2021 and 2020, were \$73,808, \$68,256, and 63,626 respectively, equal to the actuarially determined contribution requirements for each year. Additional information about pension plans can be found in the County's annual financial statements.

NOTE 4 – CHANGES IN LONG-TERM OBLIGATIONS

The Supervisor of Elections is reported as a component of the County's government-wide financial statements as follows:

	<u>Balance</u> <u>09/30/21</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance</u> <u>09/30/22</u>
Accumulated compensated absences	\$ 11,081	\$ 7,571	\$ (5,397)	\$ 13,255

Accrued compensated absences represent the vested portion of accrued vacation, sick leave, and compensatory time. See note 1 for a summary of the Supervisor of Elections' policy regarding compensated absences.

NOTE 5 – RISK MANAGEMENT

The Supervisor of elections is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors or omissions; injuries to employees and/or the public; or damage to property of others. The supervisor of Elections participates in the risk management program through the Franklin County Board of County Commissioners which uses commercial insurance to cover certain risks from loss.

The Board obtained commercial insurance against losses for the following types of risk:

- Real and personal property
- Public employees' bond
- Workers' compensation
- Automobile liability

(5) Budgetary Information:

An annual budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America for the general fund. All annual appropriations lapse at fiscal year-end.

The Supervisor of Elections follows these procedures in establishing the budgetary data reflected in the financial statements:

- u) The preparation, adoption and amendment of the budgets are governed by Florida Statutes. Public hearings are conducted to obtain taxpayer comments.
- v) Budget excess expenditures over revenues are funded through appropriations from the Board of County Commissioners.
- w) Formal budgetary integration is employed as a management control device during the year. The legal level of budgetary control is the fund level.
- x) The budgets for the funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF SPECIAL-PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Heather Riley
Franklin County Supervisor of Elections
Franklin County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the general fund of the Franklin County Supervisor of Elections (the Office) as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Office' special-purpose financial statements, and have issued our report thereon dated June 28, 2023, which was modified to refer to a basis of accounting required for compliance with state filing requirements, and for other reasons.

Internal Control Over Financial Reporting

In planning and performing our audit of the special-purpose financial statements, we considered the Office's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the special-purpose financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal control. Accordingly, we do not express an opinion on the effectiveness of the Offices' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and other matters

As part of obtaining reasonable assurance about whether the Offices' special-purpose financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' MANAGEMENT LETTER REQUIRED BY CHAPTER 10.550, RULES OF THE STATE OF FLORIDA, OFFICE OF THE AUDITOR GENERAL

To the Honorable Heather Riley
Franklin County Supervisor of Elections
Franklin County, Florida

Report on the Financial Statements

We have audited the financial statements of the Franklin County Supervisor of Elections (the Office), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated June 28, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Special-Purpose Financial Statements Performed in Accordance with *Government Auditing Standards*, and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 15, 2022, should be considered in conjunction with this management letter.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Office is an elected constitutional officer, whose office is established by Article VIII of the Constitution of the State of Florida and is governed by various provisions of state law. There are no component units of the Office to be disclosed as required by accounting principles generally accepted in the United States of America.

Financial Management

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Office, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' EXAMINATION REPORT

To the Honorable Heather Riley
Franklin County Supervisor of Elections
Franklin County, Florida

We have examined the Franklin County Supervisor of Elections' (the Office) compliance with Section 218.415, Florida Statutes, Local Government Investment Policies, for the year ended September 30, 2022.

Management is responsible for the Office's compliance with those requirements. Our responsibility is to express an opinion on the Office's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Office complied with Section 218.415, Florida Statutes, Local Government Investment Policies, for the year ended September 30, 2022, in all material respects. An examination involves performing procedures to obtain evidence about the Office's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of risks of material noncompliance with those requirements, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the Supervisor of Election's compliance with specified requirements.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Supervisor of Elections, its management, and the Board of County Commissioners of Franklin County, Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

In our opinion, the Office complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2022.
