

Free Dumpster Program - Guidelines & Procedures

Program Guidelines

- One dumpster will be provided at a time per property.
- Use of the dumpster must start immediately upon arrival.
- The dumpster must be completely filled before a second dumpster is considered. -
Only waste directly related to the code violations is allowed in the dumpster.
- No hazardous materials are allowed.
- Dumpsters will be removed promptly after they are full.
- Hiring a paid contractor for cleanup disqualifies you from the program.
- The program is available only to property owners who cannot afford a dumpster rental.

Procedures

1. **Step 1: Application** - Contact Code Enforcement to request assistance. Staff will verify your active case and financial hardship.
2. **Step 2: Approval & Scheduling** –Code Enforcement staff will meet with Solid Waste supervisors to make a determination. If approved, delivery of one dumpster will be delivered with written guidelines.
3. **Step 3: Use & Monitoring** - Property owner fills the dumpster as instructed. Inspections may occur to verify proper use.
4. **Step 4: Refill Request** - Notify the Landfill Supervisor when the dumpster is full. Landfill Supervisor will inspect before approving another dumpster.
5. **Step 5: Completion** – The program participants involvement will conclude upon completion of the program, or if compliance or eligibility requirements are no longer met.

Restrictions

- Hiring a contractor for cleanup will result in loss of eligibility.
- Misuse of the dumpster (e.g., unauthorized waste, use by others) will result in immediate removal
- and loss of future eligibility
